The possession or use of any communication device is strictly prohibited during this examination. If you have or use any communication device, your examination will be invalidated and no score will be calculated for you.

The purpose of this examination is to assess your knowledge of Earth science concepts and your ability to apply this knowledge to solve problems. The examination consists of three parts: Part 1, Multiple Choice; Part 2, Short Answer; and Part 3, Extended Response.

Part 1 consists of 40 multiple-choice questions. You will have 60 minutes to complete this part of the examination. Part 2 consists of 10 short-answer questions. You will have 40 minutes to complete this part of the examination. Part 3 consists of 2 extended-response questions. You will have 40 minutes to complete this part of the examination.

During the examination, you will be provided with a list of formulas and a list of constants. You will also be provided with a list of key terms and their definitions. You will be allowed to use a calculator for the multiple-choice and short-answer questions, but not for the extended-response questions.

After the examination, you will receive a score report. This report will show your score on each part of the examination and your overall score. You will also receive a list of questions that you answered incorrectly, along with the correct answers and explanations.
