Augustine On Prayer No 171 04:

Prayer after Augustine Jonathan D. Teubner, 2018-01-05 The influence of the theology and philosophy of Augustine of Hippo on subsequent Western thought and culture is undisputed Prayer after Augustine A Study in the Development of the Latin Tradition argues that the notion of the Augustinian tradition needs to be re thought and that already in the generation after Augustine in the West such a re thinking is already and richly manifest in more than one influential form In this work Jonathan D Teubner encourages philosophical moral and historical theologians to think about what it might mean that the Augustinian tradition formed in a distinctively Augustinian fashion and considers how this affects how they use discuss and evaluate Augustine in their work This is exemplified by Augustine s reflections on prayer and how they were taken up modified and handed on by Boethius and Benedict two critically influential figures for the development of Latin medieval philosophical and theological cultures Teubner analyses and exemplifies the particular theme of prayer and the other topics it constellates in Augustine and to show how it already forms a distinctively Augustinian concept of tradition that was to prove to have fascinatingly diverse manifestations Part I traces the development of Augustine s understanding of prayer Patience and hope as articulated in prayer sit at the centre of Augustine s understanding of Christian existence In Part II Teubner turns to suggest how this is picked up by Boethius and Benedict

The Catechumenate in Late Antique Africa (4th -6th centuries) Matthieu Pignot, 2020-07-13 In The Catechumenate in Late Antique Africa 4th 6th centuries Matthieu Pignot explores how individuals became Christian in ancient North Africa Before baptism converts first became catechumens and spent a significant time of gradual integration into the community through rituals and teaching This book provides the first historical study of this process in African sources from Augustine of Hippo to canon of councils anonymous sermons and 6th century letters Pignot shows that practices varied more than is generally assumed and that catechumens because of their liminal position were a disputed and essential group in the development of Christian communities until the 6th century at least This book demonstrates that the catechumenate is key to understanding the processes of Christianisation and conversion in the West *Subject Guide to Books in Print* ,2001

Forthcoming Books Rose Army, 2004 *Subject Guide to Children's Books in Print* 1997 Bowker Editorial Staff, R R Bowker Publishing, 1996-09

Psychology for Pastoral Contexts Jessica Rose, 2013 Care for other human beings is at the heart of ministry and brings ministers in contact with whole of human life The focus of this handbook of psychology for pastoral contexts is on psychological insight into human relationships and mental health It can be read as a whole or used as a handbook for reference to particular problems At the same time it attempts to put psychological concepts into everyday language Jessica Osborne an experienced psychologist and teacher discusses areas such as attachment dependency and anxiety betrayal and reconciliation mental health issues such as depression eating disorders and addiction stress violence and abuse and suffering The book will be useful on pastoral care courses at all levels and suitable for practitioners and people in training for pastoral ministry lay or ordained **Books in**
