*A Historical Geography*

PETER O. WACKER  
PAUL G. E. CLEMENS

# Land Use In Early New Jersey A Historical Geography

**Charles A. Stansfield**

## **Land Use In Early New Jersey A Historical Geography:**

Land Use in Early New Jersey Peter O. Wacker, Paul G. E. Clemens, 1995      **Land Use in Early New Jersey** Peter O. Wacker, 1995      *The Delaware Valley in the Early Republic* Gabrielle M. Lanier, 2005-01-18 Gabrielle M Lanier challenges prevailing characterizations of the region as culturally monolithic and reassesses its role in the formation of a distinctly American identity through the history geography and architecture of three of the valley's diverse cultural landscapes. Through narratives of individual lives aggregate data from tax rolls and censuses archival research and close analysis of the built vernacular environment Lanier examines the unique ethnic class and religious constitution of each subregion as well as its racial diversity political orientation economic organization and cultural imprint on the landscape. **Jacket A Geography of New Jersey** Charles A. Stansfield, 1998 The book is chock full of nuggets of information on all aspects of New Jersey from the beginning of the colonial period to the mid 1990s Harbans Singh Montclair State University This is an up to date comprehensive and well written text that will appeal to both the student and the general reader I shall make it required reading for my course on the geography of the state Peter O Wacker professor of geography Rutgers University More than an ecological primer this book provides essential social and economic information Over one hundred figures and forty five tables capture details to support the straightforward prose and an annotated bibliography leads the reader on New Jersey Monthly While the second edition is similar to the first only with more up to date statistics improved maps and figures and organization the material covered is factually interesting Following an introduction there are several chapters on the physical geography These are followed by interesting chapters on managing physical environments human ecology and early European settlements including excellent sections on historical geography The number and informational content of the maps is far superior in the second edition The book is of value for use in either a high school or university regional geography class Stansfield must be commended for his writing style that holds the interest and for his knowledgeable selection of materials to be included The Pennsylvania Geographer New Jersey is the city in the garden It is a bundle of paradoxes a highly industrialized state famous for its seashore and mountain resorts fairly conservative politically it nonetheless pioneered state land use zoning and environmental protection legislation The only state to be characterized by the U S Census as entirely metropolitan New Jersey has the highest population density in the nation It is a highly suburbanized state that remains important agriculturally both very large and very small farms continue to multiply New Jersey is also a state where widespread suburbanization of residents shopping and jobs has affected the most remote corners At the same time massive immigration is revitalizing urban centers and dramatically changing the demographics of the state New Jersey represents both a microcosm of the United States and a leading indicator of future trends in the nation This updated edition of this classic text features nearly 100 maps and illustrations Charles A Stansfield Jr instructs readers on all aspects of New Jersey geography and provides a detailed analysis of the state's topography management of physical environments human

ecology early European settlement cultural landscapes population characteristics race and ethnicity transportation agriculture industrial development recreation and tourism and regions Charles A Stansfield Jr is a professor of geography at Rowan University Glassboro New Jersey *The American Revolution in New Jersey* James J. Gigantino,2015-04-01 Winner of the 2016 New Jersey Studies Academic Alliance Authors Award for the Edited Works Category Battles were fought in many colonies during the American Revolution but New Jersey was home to more sustained and intense fighting over a longer period of time The nine essays in *The American Revolution in New Jersey* depict the many challenges New Jersey residents faced at the intersection of the front lines and the home front Unlike other colonies New Jersey had significant economic power in part because of its location between the major ports of New York and Philadelphia New people and new ideas arriving in the colony fostered tensions between Loyalists and Patriots that were at the core of the Revolution Enlightenment thinking shaped the minds of New Jersey's settlers as they began to question the meaning of freedom in the colony Yeoman farmers demanded ownership of the land they worked on and members of the growing Quaker denomination decried the evils of slavery and spearheaded the abolitionist movement in the state When larger portions of New Jersey were occupied by British forces early in the war the unity of the state was crippled pitting neighbor against neighbor for seven years The essays in this collection identify and explore the interconnections between the events on the battlefield and the daily lives of ordinary colonists during the Revolution Using a wide historical lens the contributors to *The American Revolution in New Jersey* capture the decades before and after the conflict as they interpret the causes of the war and the consequences of New Jersey's reaction to the Revolution *New Jersey in the American Revolution* Barbara J. Mitnick,2007-03-12 This remarkably comprehensive anthology brings new life to the rich and turbulent late 18th century period in New Jersey Originally conceived for the state's 225th Anniversary of the Revolution Celebration Commission **New Jersey History** ,2002 An Ecological History of New Jersey Charles A. Stansfield,1996 Digging New Jersey's Past Richard F. Veit,2002 When people think of archaeology they commonly think of unearthing the remains of ancient civilizations in Egypt Greece Rome Central or South America But some fascinating history can be found in your own New Jersey backyard 3 4 if you know where to look Richard Veit takes readers on a well organized guided tour through four hundred years of Garden State development as seen through archaeology in *Digging New Jersey's Past* This illustrated guidebook takes readers to some of the states most interesting discoveries and tells us what has been learned or is being learned from them The diverse array of archaeological sites drawn from all parts of the state includes a seventeenth century Dutch trading post the site of the Battle of Monmouth the gravemarkers of freed slaves and a 1920s railroad roundhouse among others Veit begins by explaining what archaeologists do How do they know where to dig What sites are likely to yield important information How do archaeologists excavate a site How are artifacts cataloged stored and interpreted He then moves through the states history from the contact of first peoples and explorers to colonial homesteads Revolutionary War battlefields cemeteries railroads and factories Veit

concludes with some thoughts about the future of archaeological research in New Jersey and with suggestions on ways that interested individuals can become involved in the field *The Journal of American History* Organization of American historians,1997 **Encyclopedia of New Jersey** Maxine N. Lurie,Marc Mappen,2004 Contains nearly original articles along with illustrations and maps collecting a wealth of information about the state of New Jersey **Current**

**Geographical Publications** University of Wisconsin--Milwaukee. Library,1996 Current Geographical Publications CGP is a non profit service to the scholarly community initiated in 1938 by the American Geographical Society of New York Beginning in 2006 the format changed to include the tables of contents of current geographical journals The journal titles listed link to web pages or PDF scans of the current issue s contents [Architecture and Landscape of the Pennsylvania Germans, 1720-1920](#) Vernacular Architecture Forum (U.S.). Meeting,2004 **The New York Genealogical and Biographical Record** Richard Henry Greene, Henry Reed Stiles, Melatiah Everett Dwight, George Austin Morrison, Hopper Striker Mott, John Reynolds Totten, Harold Minot Pitman, Charles Andrew Ditmas, Louis Effingham De Forest, Conklin Mann, Arthur S. Maynard,1996

**American Environmental History** Carolyn Merchant,2007 By studying the many ways diverse peoples have changed shaped and conserved the natural world over time environmental historians provide insight into humanity s unique relationship with nature and more importantly are better able to understand the origins of our current environmental crisis Beginning with the precolonial land use practice of Native Americans and concluding with our twenty first century concerns over our global ecological crisis American Environmental History addresses contentious issues such as the preservation of the wilderness the expulsion of native peoples from national parks and population growth and considers the formative forces of gender race and class Entries address a range of topics from the impact of rice cultivation slavery and the growth of the automobile suburb to the effects of the Russian sea otter trade Columbia River salmon fisheries the environmental justice movement and globalization This illustrated reference is an essential companion for students interested in the ongoing transformation of the American landscape and the conflicts over its resources and conservation It makes rich use of the tools and resources climatic and geological data court records archaeological digs and the writings of naturalists that environmental historians rely on to conduct their research The volume also includes a compendium of significant people concepts events agencies and legislation and an extensive bibliography of critical films books and Web sites **The American Historical Association's Guide to Historical Literature** American Historical Association,1995 Contains nearly 2 000 annotated citations primarily English language works divided into forth eight sections citations refer chiefly to works published between 1961 and 1992

**The Journal of the Rutgers University Library** ,2016-05

**Dictionary of United States History** ,2006 *Root & Branch* Graham Russell Hodges,1999 Root and Branch African Americans in New York and East Jersey 1613 1863 [A Bibliography of Dissertations in Geography, 1901 to 1969](#) Clyde E. Browning,1970
