**Queen Esther wife of Xerxes: Fairy tale or real history?** Gerard Gertoux, 2017-01-31 Very few Bible scholars believe now in the historicity of the book of Esther but surprisingly their conclusion is based only on the following prejudice this story looks like a fairy tale consequently it is a fairy tale No chronological investigation and historical research have been carried out though chronology is the backbone of history and that it is impossible to write history without written testimonies Worse still to establish their chronology scholars have blind faith in the Babylonian king lists which are nevertheless false reporting no usurpation and no co regency Rather than taking into account the reality of chronological testimonies and ancient texts most archaeologists have reinvented and mythicized history In contrast an extensive investigation of chronological archaeological and historical evidence gives an amazing result Esther 510 425 was the best attested Persian Queen     **Federal Register** ,1957-12
