

# MATHCOUNTS®

2015  
■ State Competition ■  
Target Round  
Problems 1 & 2

Name: \_\_\_\_\_

School: \_\_\_\_\_

Chapter: \_\_\_\_\_

**DO NOT BEGIN UNTIL YOU ARE INSTRUCTED TO DO SO.**

This section of the competition consists of eight problems, which will be presented in pairs. Work on one pair of problems will be completed and answers will be collected before the next pair is distributed. The time limit for each pair of problems is six minutes. The first pair of problems is on the other side of this sheet. When told to do so, turn the page over and begin working. This round requires the use of calculators, and calculations may be done on scratch paper, but no other tools are allowed. All answers must be complete, legible and simplified to lowest terms. Record only final answers in the boxes in the left-hand column of the problem sheets. If you complete the problems before time is called, use the time remaining to check your answers.
