Language and Autism Adrienne Fitzner, Peter Sturmey, 2009 This volume will provide the reader with a concise overview of applied behavioral interventions for language in people with autism spectrum disorders It is an edited work consisting of 12 chapters organized into two broad sections Part I deals with general aspects of language in people with ASD such as the nature of language impairments general approaches to language

teaching behavioral conceptions of language and the evidence base for which approaches are effective Part II addresses specific programmatic issues including particular intervention questions such as how to teach specific functions e.g. mand, tacts, intraverbals and echoics specific intervention methods e.g. discrete trial training, natural language paradigm and incidental teaching and intervening for problematic aspects of verbal behavior e.g. prosody and maladaptive verbal behavior

The Assessment of Basic Language and Learning Skills-revised (the ABLLS-R): The ABLLS-R protocol : an assessment, curriculum guide, and skills tracking system for children with autism or other developmental disabilities James W. Partington, 2010 **The Educator's Guide to Teaching Students With Autism Spectrum Disorders** Josefa Ben-Arieh, Helen J. Miller, 2009-03-18

An excellent practitioner friendly resource for identifying, applying and evaluating maximally effective interventions and treatments for students with autism related disorders Richard L. Simpson, Professor of Special Education, University of Kansas I highly recommend this book. This is a valuable, comprehensive and user friendly resource with realistic case studies that show how collaboration occurs with related services. Gloria Wolpert, Autism Program Director, Manhattan College. Specific, proven strategies for successfully teaching students with Autism Spectrum Disorders. This guide brings the most recent advancements in evidence based interventions to both novice and experienced educators who are looking for practical and meaningful strategies for teaching students with Autism Spectrum Disorders (ASD). The authors provide step by step, field tested guidelines that connect with Individualized Education Program goals, illustrate how to write a behavior intervention plan and demonstrate methods for delivering effective interventions including applied behavior analysis, functional behavior assessment and positive behavioral supports. This concise handbook features sidebars highlighting major points, vignettes and summaries and includes many sample materials, tools and reproducible forms. Teachers get the nuts and bolts on: Identifying and including students with ASD in the general education classroom; Organizing the classroom environment; creating space and managing time; Promoting independence; communication and socially appropriate behaviors; Selecting visual strategies, tools and curriculum resources. This user friendly resource presents educators with a solid framework for delivering first rate services to foster confidence and success for every student with ASD. **The Assessment of Basic Language and Learning Skills-revised (the ABLLS-R)** James W.
