*Strategies for Teaching English Language, Literature, and Content* Mary Lou McCloskey, Janet Orr, Lydia Stack, Gabriela Kleckova, 2017-12-13    **Academic Literacies in the Middle Years** Sally Humphrey, 2016-11-18 The professional learning framework this book presents is designed to support teachers' understandings of how language functions in their academic disciplines. This framework, a 4 x 4 metalinguistic toolkit, is informed by systemic functional linguistic theory and international educational research on academic and disciplinary literacies. The book shows and explains how teachers have applied specific 4 x 4 toolkits with students in middle school classrooms across a range of subjects for curriculum literacy instruction, assessment, and feedback, resulting in substantial growth for their students in high stakes national tests of literacy as well as writing assessments in a number of subjects. In its focus on disciplinary literacies in diverse sociocultural settings, *Academic Literacies in the Middle Years* responds to contemporary international curricula for English language and literacy and the need for a strong evidence base for professional learning design.    **Teaching and Supporting English Learners** Eugenia Mora-Flores, Stephanie Dewing, 2022-12-16 Learn how to best support English learners and address the needs of newcomers. This professional book provides step by step strategies for teachers of ELs. Written by Eugenia Mora Flores and Stephanie Dewing, this book offers practical tips to help teachers bring English language instruction into any classroom. With this meaningful resource, teachers will meet English learners' diverse needs and make newcomers feel safe and welcome.

Show, Tell, Build Joyce W. Nutta, Carine Strebler, Florin M. Mihai, Edwidge Crevecoeur, Bryant, Kouider Mokhtari, 2020-07-29 Building upon the theoretical and practical foundation outlined in their previous book, *Educating English Learners*, the authors show classroom teachers how to develop a repertoire of instructional techniques that address K-12 English learners' ELs at different English proficiency and grade levels and across subject areas. *Show Tell Build* is organized around two decision maps for planning and implementing differentiated instruction for ELs: the Academic Subjects Protocol for teachers of academic subjects and the Language Arts Protocol for teachers of language arts. The instructional tools and techniques described in each chapter help teachers provide communication support for ELs through showing and telling and develop their language proficiency through building their skills. The book also discusses the demands that academic language poses for ELs and ways to assess students' proficiency in English. *Show Tell Build* provides classroom teachers, English language development specialists, literacy coaches, and school leaders with valuable knowledge and skills to support ELs' academic success.    **Assessing Literacy in Deaf Individuals** Donna Morere, Thomas Allen, 2012-12-09 Humans' development of literacy has been a recent focus of intense research from the reading, cognitive, and neuroscience fields. But for individuals who are deaf, who rely greatly on their visual skills for language and learning, the findings don't necessarily apply. *Assessing Literacy in Deaf Individuals: Neurocognitive Measurement and Predictors* narrows these gaps by introducing the VL2 Toolkit, a comprehensive test.

battery for assessing the academic skills and cognitive functioning of deaf persons who use sign language Skills measured include executive functioning memory reading visuospatial ability writing fluency math and expressive and receptive language Comprehensive data are provided for each with discussion of validity and reliability issues as well as ethical and legal questions involved in the study And background chapters explain how the Toolkit was compiled describing the procedures of the study its rationale and salient characteristics of its participants This notable book Describes each Toolkit instrument and the psychometric properties it measures Presents detailed findings on test measures and relationships between skills Discusses issues and challenges relating to visual representations of English including fingerspelling and lipreading Features a factor analysis of the Toolkit measures to identify underlying cognitive structures in deaf learners Reviews trends in American Sign Language assessment Assessing Literacy in Deaf Individuals is an essential reference for researchers graduate students clinicians and other professionals working in the field of deafness and deaf education across in such areas as clinical child and school psychology audiology and linguistics
