Violin ABC is finally available in digital format Violin Books A B C and D Scales book 1 2 and 3 and Kreutzerini are released as electronic publications Violin Scales for Children Vol 1 is the first book of Violin Scales for Children Pupils with the help of tonic solfa will become acquainted with the major and natural minor scales which are built on the natural notes starting with the scale of A major The main purpose in addition to playing these scales is to learn the names of the notes to write and to recognise them as well on the staff as on the fingerboard of the instrument The Colourstrings method uses a colour for each string and focuses on teaching children rhythm and technique on open strings while gradually introducing them to more complicated methods    Ecumenism John Bosco Akam,1990    The World of South African Music Christine

Lucia,2009-03-26 The present Reader is a selection of texts on South African music which are chosen not only for their importance or the frequency of citations but with the express purpose of providing the reader with a deep understanding of the music itself Consequently there are readings that are chosen because they have been influential but there are also many which though published have not enjoyed very wide circulation There are those which are of obvious historic interest and others which speak to contemporary issues Among other things the volume provides an excellent sense of the varying ideologies and approaches that determine the relationship between author and subject The reader is indispensable to scholars and enthusiasts of South African music and it is of great interest to ethnomusicologists more generally It is also an excellent resource for those who do not have immediate access to harder to find articles and is perhaps most vital to those who are looking to find a way into the world of South African music    *The Music Connection: Teacher ed.
