These online services are critical inputs to small-business owners. As just one example, many small firms cannot afford to employ a lawyer. So an online resource is essential to ensure compliance with government regulations, such as state and local labor laws. (There are also examples of small-business resources that offer real-time market information, and some also include a lot of other offerings.) If you cannot find the site you are searching for, please let the editors know, and we'll try to find it for you. Email us at smallbizbooks@smallbizbooks.com. The editors at smallbizbooks.com will respond as soon as possible.
