*The Fluff-Free Freelance Writing Master Course* Alina Bradford,2017-04-03 I started my freelancing writing business back when online magazines and news sites were in their infancy Since then I have built a business that brings in 100 to 200 an hour while I work from home That s the dream right You can create your own successful freelance writing business too If you can write clear interesting articles then you have what you need to become a successful freelance writer You can make it on your own but I would like to make the journey faster and less frustrating for you Creating my business took a lot of trial and error to get off the ground and even more trial and error to make it successful I know how hard it can be So I created the

freelance writer course I wish I'd had when I started and then I put it in this book. There's no need to search and scrape for the next few years just to earn a living wage. This course is a shortcut to all of the knowledge I've gleaned over the past few years. Yup I've done the work. Not only have I done the work I get right down to business. You get a blast of awesome to your career without vague information or drawn out stories like with most books and courses on how to be a freelance writer. This freelance writing course features nugget after delicious nugget of actionable information. No fluff. Why should you take advice from me? I have been a freelance writer for almost two decades. I have worked with big brands such as CBS, MTV, Angie's List, eBay, Zappos, and StubHub as well as big publishers such as Prevention Magazine, USA Today, and more. I make 100 to 200 an hour just from my work as a freelance writer. That doesn't include coaching and courses btw. I hate it when other people don't make that clear when trying to sell me a course. My master class book includes Actionable information that anyone can use to get better clients and make more money through their freelance writing business. Activities that take you step by step through the process of building your reputation as a professional to make the clients come to you. Guidance on how to seal the deal with potential clients and weed out the creeps. Help on zeroing in on your niche and defining your brand as a writer. The best part? Using this book you can make a great living for yourself without working all the time. What's the point of owning your own business if you have to be chained to the desk right? Don't wait.
