Fiese, Nancy Zava, 2001 The purpose of *Preparing Graduate Papers in Music* is to provide music students with some guidelines to assist in the preparation of theses, essays, dissertations and other papers that may be written as part of their graduate program. This manual includes information and examples for preparing such papers and is designed specifically to assist students in writing about music and in documenting references to music, music notation, recordings and other musical resources. It is intended to complement guidelines provided by a university's graduate office and the two style manuals most used by music students: *A Manual for Writers of Term Papers, Theses and Dissertations* (Turabian, 1996) and the *Publication Manual of the American Psychological Association* (APA, 1994). Based on the author Zachary Seech's experience as a philosophy professor and writing instructor, *Writing Philosophy Papers* addresses the basic questions most students have when faced with writing a philosophy paper, such as how to handle documentation and how to use the school library.
