*Streaming and Copyright Law* Lasantha Ariyaratna,2022-09-05 This book examines the challenges posed to Australian copyright law by streaming from the end user perspective It compares the Australian position with the European Union and United States to draw lessons from them regarding how they have dealt with streaming and copyright By critically examining the technological functionality of streaming and the failure of copyright enforcement against the masses it argues for strengthening end user rights The rising popularity of streaming has resulted in

a revolutionary change to how digital content such as sound recordings cinematographic films and radio and television broadcasts is used on the internet Superseding the conventional method of downloading using streaming to access digital content has challenged copyright law because it is not clear whether end user acts of streaming constitute copyright infringement These prevailing grey areas between copyright and streaming often make end users feel doubtful about accessing digital content through streaming It is uncertain whether exercising the right of reproduction is appropriately suited for streaming given the ambiguities of embodiment and scope of substantial part Conversely the fair dealing defence in Australia cannot be used aptly to defend end users acts of streaming digital content because end users who use streaming to access digital content can rarely rely on the defence of fair dealing for the purposes of criticism or review news reporting parody or satire or research or study When considering a temporary copy exception end users are at risk of being held liable for infringement when using streaming to access a website that contains infringing digital content even if they lack any knowledge about the content s infringing nature Moreover the grey areas in circumventing geo blocking have made end users hesitant to access websites through streaming because it is not clear whether technological protection measures apply to geo blocking End users have a severe lack of knowledge about whether they can use circumvention methods such as virtual private networks to access streaming websites without being held liable for copyright infringement Despite the intricacies between copyright and access to digital content the recently implemented website blocking laws have emboldened copyright owners while suppressing end users access to digital content This is because the principles of proportionality and public interest have been given less attention when determining website blocking injunctions *Florists Exchange and Horticultural Trade World* ,1959 **The Athenaeum** ,1880 *Cracking the Emerging Markets Enigma* G. Andrew Karolyi,2015-05-01 Forward thinking investors are constantly looking for the next BRIC what foreign market is on the brink of expansive growth Will these investments payoff or are the potential risks too great Investing in these emerging markets requires a careful analysis of potential risks and benefits which vary greatly from country to country and even from day to day In *Cracking the Emerging Markets Enigma* emerging markets expert Andrew Karolyi outlines a practical strategy for evaluating the opportunities and more importantly the risks of investing in emerging markets Karolyi s proposed system evaluates multiple dimensions of the potential risks faced by prospective investors These categories of risk reflect the uneven quality or fragility of the various institutions designed to assure integrity in capital markets political stability corporate opacity limits placed on foreign investors and more By distilling these analyses into a numerical scoring system Karolyi has devised a way to assess with ease emerging markets by different dimensions of risk and across all dimensions together This novel assessment framework already has been tested in the market to great success Researchers students firms and both seasoned and novice investors are poised to gain a clear understanding of how to evaluate potential investments in emerging markets to maximize profits *Exchange for the Flower, Nursery and Garden Center Trade* ,1959 Rider's Specialized
