## 2014 English Second Language Hg P1:

**Reflexive Pronouns: A Theoretical and Experimental Synthesis** Darcy Sperlich, 2021-01-04 This book presents a comprehensive picture of reflexive pronouns from both a theoretical and experimental perspective using the well researched languages of English German Dutch Chinese Japanese and Korean In order to understand the data from varying theoretical perspectives the book considers selected syntactic and pragmatic analyses based on their current importance in the field The volume consequently introduces the Emergentist Reflexivity Approach which is a novel theoretical synthesis incorporating a sentence and pragmatic processor that accounts for reflexive pronoun behaviour in these six languages Moreover in support of this model a vast array of experimental literature is considered including first and second language acquisition bilingual psycholinguistic neurolinguistic and clinical studies It is through both the intuitive and experimental data linguistic theorizing relies upon that brings out the strengths of the modelling adopted here paving new avenues for future research In sum this volume unites a diverse array of the literature that currently sits largely divorced between the theoretical and experimental realms and when put together a better understanding of reflexive pronouns under the auspices of the Emergentist Reflexivity Approach is forged *Language Embodiment, volume II: Interdisciplinary Methodological Innovations* Connie Qun Guan, Laura M. Morett, Huili Wang, 2023-09-13 *Routledge Handbook of Chinese Media* Ming-Yeh T. Rawnsley, Yiben Ma, Gary D. Rawnsley, 2015-04-24 The study of Chinese media is a field that is growing and evolving at an exponential rate Not only are the Chinese media a fascinating subject for analysis in their own right but they also offer scholars and students a window to observe multi directional flows of information culture and communications within the contexts of globalization and regionalization Moreover the study of Chinese media provides an invaluable opportunity to test and refine the variety of communications theories that researchers have used to describe analyse compare and contrast systems of communications The Routledge Handbook of Chinese Media is a prestigious reference work providing an overview of the study of Chinese media Gary and Ming Yeh Rawnsley bring together an interdisciplinary perspective with contributions by an international team of renowned scholars on subjects such as television journalism and the internet and social media Locating Chinese media within a regional setting by focusing on Greater China the People's Republic of China Taiwan Hong Kong Macau and overseas Chinese communities the chapters highlight the convergence of media and platforms in the region and emphasise the multi directional and trans national character of media information flows in East Asia Contributing to the growing de westernization of media and communications studies this handbook is an essential and comprehensive reference work for students of all levels and scholars in the fields of Chinese Studies and Media Studies **Learning and Teaching Chinese as a First Language** Sin Manw Sophia Lam, John Chi-Kin Lee, Chung Mou Si, 2024-06-28 In this book the authors embark on a critical investigation of the complex field of Chinese language education with a particular focus on exploring new trends and teaching and learning They delve into the intricacies of language education and its effectiveness in teaching

Chinese as a first language The book has three objectives establishing a field of study in Chinese language learning and teaching providing critical discussion and progressive insights on language education and offering relevant pedagogical perspectives of learning and teaching Chinese as L1 and L2 The chapters investigate learning and teaching of Chinese in different aspects including four skills culture literature technology assisted learning and learners identity By focusing on the teaching practices of Chinese at different levels it sheds light on teaching Chinese as a first language Theoretically it broadens the linguistic and geographical reach of previous works on language education that mainly examine English as a lingua franca or children s first language acquisition Drawing upon theories in language learning the book demonstrates the applicability of language theories in the first language and Chinese as a non alphabetic language and examines the impact and effectiveness of some theories in Chinese learning and teaching Academic researchers teacher educators teachers and students interested in Chinese language and education will find this a highly relevant text for its focus on curriculum pedagogy and assessment of teaching Chinese as a first language
