Delaney,2018-05-29 The first declared candidate for president in 2020 delivers a passionate call for bipartisan action entrepreneurial innovation and a renewed commitment to the American idea The son of a union electrician and grandson of an immigrant John K Delaney grew up believing that anything was possible in America Before he was fifty he founded built and then sold two companies worth billions of dollars Driven by a deep desire to serve in 2012 he stepped away from his businesses ran for Congress and won Now he has a new mission unifying our terribly divided nation and guiding it to a brighter future As a boy Delaney learned the importance of working hard telling the truth and embracing compromise As an entrepreneur he succeeded because he understood the need to ensure opportunity for all focus on the future and think creatively about problem solving In these pages he illustrates the potency of these principles with vivid stories from his childhood his career in business his family and his new life as a politician He also writes candidly about the often frustrating experience of working on Capitol Hill where many of his colleagues care more about scoring political points than improving the lives of their fellow Americans With a clear eye and an open heart he explains that only by seeing both sides of an argument and releasing our inner entrepreneur can we get back to constructive enlightened governing Seventy years ago John F Kennedy appealed to our best instincts when he said Let us not seek the Republican answer or the Democratic answer but the right answer In this inspiring book John K Delaney asks all of us to cast aside destructive partisan thinking and join him in an urgent endeavor working together to forge a new era of American greatness **Catalog of Copyright Entries.**
