academics international NGO workers and the media as a trailblazer in women s rights and legal reforms The country is
considered a model for other countries in the Middle East and North African region but has Morocco made as much progress
as experts and government officials claim In Modernizing Patriarchy Katja van Elliott examines why women s rights advances
are lauded in Morocco in theory but are often not recognized in reality despite the efforts of both Islamist and secular
feminists In Morocco female literacy rates remain among the lowest in the region many women are victims of gender based
violence despite legal reforms and girls as young as twelve are still engaged to adult men despite numerous reforms Based
on extensive ethnographic research and fieldwork in Oued al Ouliya Modernizing Patriarchy offers a window into the life of
Moroccan Muslim women who though often young and educated find it difficult to lead a dignified life in a country where
they are expected to have only one destiny that of wife and mother van Elliott exposes their struggles with modernity and the
legal reforms that are supposedly ameliorating their lives In a balanced approach she also presents male voices and their
reasons for criticizing the prevailing women s rights discourse Compelling and insightful Modernizing Patriarchy exposes the
rarely talked about reality of Morocco s approach toward reform   **IEEE Standard Dictionary of Electrical and
