Against the Grain-- Words for a Politically Incorrect Church Steven E. Albertin, 1999 I have always been troubled by a church that is too enamored of the big business of religion and too hungry for the world's applause and approval The church is first of all called to be faithful to the gospel to be a sign of God's coming gracious kingdom in this world and only secondarily to be a successful and competent institution in this world This book is driven by the fear that the church has too often forgotten the former and succumbed to the latter from the Preface While thoroughly grounded in scripture and sound theology Steven Albertin has a way of contemporizing the message of the gospel making it easy to understand but not necessarily easy to fulfill After reading or listening to one of these sermons you'll be left with a very clear understanding of its central message expressed with such carefully chosen and forceful words that it will not be easily forgotten Chapter titles include What's In It for Me Mark 10:35-45 Baptism and Self Esteem Mark 12:28-34 Breaking the Taboo Mark 12:38-44 Having the Last Word John 18:33-37 No Freudian Slip Matthew 6:25-33 Steven E Albertin is currently pastor of Christ Lutheran Church of Zionsville Indiana He previously served parishes in Indianapolis and Fort Wayne Indiana Albertin has received degrees from Concordia College B A Concordia Seminary in Exile St Louis M Div Christ Seminary Seminex S T M and the Lutheran School of Theology at Chicago D Min    **Praying Curses** Daniel Nehrbass, 2013-06-21 Public reading of the psalms facilitates corporate worship but it can also create a degree of awkwardness as a number of passages in the Psalter contain curses asking God to avenge enemies The presence of vengeful speech seems antithetical to Jesus' Sermon on the Mount What are these psalms really about This book recovers the value of imprecatory speech in Scripture arguing that such passages continue to be relevant today both in preaching and therapy The interpretive model Nehrbass suggests is that of dependence these psalms transfer the burden of one's enemies to God and affirm that it is God's prerogative alone to

avenge The authors of the imprecatory psalms were victims of violence so this book looks to contemporary victims of violence for their interpretation and application of these psalms This study is decidedly practical Nehrbass examines the nature of anger and hatred and highlights some of the redemptive aspects of these emotions He concludes that the imprecatory psalms offer several positive aspects for dealing with hatred Use of these passages fosters in believers a passion for God s reputation and can also aid us in surrendering our problems to God s control     **A History of Preaching Volume 1** O.C. Edwards, Jr., 2010-09-01 *A History of Preaching* brings together narrative history and primary sources to provide the most comprehensive guide available to the story of the church s ministry of proclamation Bringing together an impressive array of familiar and lesser known figures Edwards paints a detailed compelling picture of what it has meant to preach the gospel Pastors scholars and students of homiletics will find here many opportunities to enrich their understanding and practice of preaching Volume 1 appearing in the print edition contains Edwards s magisterial retelling of the story of Christian preaching s development from its Hellenistic and Jewish roots in the New Testament through the late twentieth century s discontent with outdated forms and emphasis on new modes of preaching such as narrative Along the way the author introduces us to the complexities and contributions of preachers both with whom we are already acquainted and to whom we will be introduced here for the first time Origen Chrysostom Augustine Bernard Aquinas Luther Calvin Wesley Edwards Rauschenbusch Barth all of their distinctive contributions receive careful attention Yet lesser known figures and developments also appear from the ninth century reform of preaching championed by Hrabanus Maurus to the reference books developed in the thirteenth and fourteenth centuries by the mendicant orders to assist their members preaching to Howell Harris and Daniel Rowlands preachers of the eighteenth century Welsh revival to Helen Kenyon speaking as a layperson at the 1950 Yale Beecher lectures about the view of preaching from the pew Volume 2 contained on the enclosed CD ROM contains primary source material on preaching drawn from the entire scope of the church s twenty centuries The author has written an introduction to each selection placing it in its historical context and pointing to its particular contribution Each chapter in Volume 2 is geared to its companion chapter in Volume 1 s narrative history Ecumenical in scope fair minded in presentation appreciative of the contributions that all the branches of the church have made to the story of what it means to develop deliver and listen to a sermon *A History of Preaching* will be the definitive resource for anyone who wishes to preach or to understand preaching s role in living out the gospel This work is expected to be the standard text on preaching for the next 30 years says Ann K Riggs who staffs the NCC s Faith and Order Commission Author Edwards former professor of preaching at Seabury Western Theological Seminary is co moderator of the commission which studies church uniting and church dividing issues *A History of Preaching* is ecumenical in scope and will be relevant in all our churches we all participate in this field says Riggs from EcuLink Number 65 Winter 2004 2005 published by the National Council of Churches     **Biblical Theology** C.
