Replacing the Levels of Analysis feature, the Bigger Picture explores not only the biological, psychological and environmental levels but also cultural and developmental aspects as well. Brand New Learning Goals and Review Questions encourage students to consider the core learnings of each chapter and critically assess their real world implications. New and Updated Psychology at Work interviews from Psychologists in the field are now included in every chapter. They provide a glimpse into their day to day work and the career path they have taken since completing a psychology degree. Research Close Ups reflect new research and literature as well as updated critical thinking questions to encourage analysis and evaluation of the findings.
