societies and academies Drawing on primary materials including archival documents and selections from his own writing it constructively critiques his reception in the literature while advancing a continuous and contextualised account of his life and ideas These include the relating of his ethico religious and jurisprudential concerns to his political decision making and a resituating of his mystical writings within a definite moral epistemological and political context By problematising these interpretive issues this thesis aims at opening new avenues for understanding even as it offers its own solutions In so doing this study contributes to discussions on Sufism political Islam and east west relations This monograph has been awarded the annual BRAIS De Gruyter Prize in the Study of Islam and the Muslim World *Notices, inventaires et documents ...: Aspects de la vie politique et militaire en France, à travers la correspondance reçue par le Maréchal Pelissier (1828-1864)* France.
