Public Education David C. Berliner, Carl Hermanns, 2022 Twenty eight eminent essayists remind our nations parents educators school board members and politicians that our democracy is in jeopardy and that our nation s system of free universal public education is also under attack If that attack succeeds American democracy itself would be further imperiled That is because American democracy rests on a belief that the power of our government comes from the people and the diffusion of knowledge and the enlightenment of the people has been a cornerstone of our democracy since the founding of our republic America s public schools therefore have a special mandate **Against** Tad DeLay, 2019-08-06 What does the white evangelical want In our moment of crisis and rage this question is everywhere Scholars ask from where its desires emerged pundits divine its political future and the public asks how we lapsed into social chaos For their part white evangelicals feel misunderstood while failing to see the direction of their ambitions We must interrogate its aims not only through its past or current trends but also through the various fantasies by which it rejects and enlivens reality *Against* traces five zones of opposition future knowledge sexuality reality and society If climate change is the greatest threat civilization has ever faced then a faith aiding collapse must face analysis If it swims in assured forgiveness it feels no shame for its sins against humanity If it wants a king it threatens democracy If it veils xenophobia it shall be ever more cruel In a critical and accessible history of odd ideas DeLay chronicles the past and sketches its troubling future It might die but what s certain is that a faith built on nostalgia and supremacy won t moderate We live in dangerous times so let us consider its justifications turmoil appetite and catastrophe **Daily Graphic** Elvis D.
