**Affect and Emotion in Tourism** Dorina-Maria Buda, Jennie Germann Molz, 2023-03-31 Bringing affect and emotion to the forefront of tourism studies this book presents a new generation of scholars who consolidate emerging affective approaches and establish a route for scholarship that examines the roles of emotion and affect in tourism Attuning to affect and emotion this book steers the affective turn to encompass touring bodies and tourism places Engaging the concept of affect as a constitutive element of social life often leaves academics grasping for terminology to describe something that is by its very nature beyond words For this reason as evident in the four interconnected sections of this

volume studying affect poses a significant and fruitful challenge to the status quo of social scientific method and analysis From African American emotional labour while travelling to visiting Banksy's Dismaland park to affective heritagescapes self love and travelling mittens and across socio spatial theories of emotions decolonial feminist theory and atmospheric politics this book demonstrates the epistemic and empirical richness of affective tourism Along with the contributors to this volume the editors make a case for thinking about emotions and affects through collective and individual practices as interrelated shaping tourism encounters in and with places That is to break it down as doing and as shared between bodies and places through the doing The chapters in this book were originally published as a special issue of *Tourism Geographies*

**Page and Place: Ongoing Compositions of Plot** Jon Anderson, 2014-10-15 If people are geographical beings what can fiction tell us about this truth This book explores how literature can help us understand the nature of the relations between people and place how humans create connections between their identities and their geographies and how these can be threatened and lost Literature is an important if unusual way to explore these relations At once centred in imagination and ideas fiction is also indelibly connected to as well as influenced by the geographies in which it is set As this book argues the relationship between fiction and location is so important that it is often difficult to know which is imagined and which is real Exploring the relations between people and place through fiction writing set in Wales Page and Place garners poetic insight into how places are written into our stories and how these stories take and make the places around us The book introduces the notion of plot to describe the complex entanglement between fiction and geography and to help understand the role that places play in defining human identity

**Haywire** Andrew Hindmoor, 2024-06-13 In this fascinating book Andrew Hindmoor makes sense of the tangled past we have just lived through sprinkling wit insight and analytical verve over his energetic narrative In contemporary British political history his will be the distinctive voice of his generation Peter Hennessy Vladimir Lenin an occasional resident of North London who went on to other things has been credited with once saying that there are decades where nothing happens but weeks when decades happen The first two and a half decades of this century in Britain have had plenty of those weeks Indeed our recent history has at times resembled an episode of *Casualty* the long running BBC hospital drama in which every hedge trimmer slips every gas pipe leaks every piece of scaffolding collapses and everyone ends up in intensive care In *Haywire* Andrew Hindmoor makes sense of the deluge of events which have rained down on Britain since 2000 from the Iraq War to financial collapse austerity to Brexit as well as more easily forgotten moments such as the MP's expenses scandal He shows not simply how one crisis has quickly followed another but how each crisis has compounded the next so that disaster feels like the new normal Has Britain simply been the victim of a particularly prolonged run of bad luck which will sooner or later come to an end No Hindmoor argues that the way the British state is organised has time and again made a crisis out of a drama and that it is time to find an alternative before we all go haywire

revelation about the ultimate fate of Butch Cassidy and the Sundance Kid but he s not the only one who wants it A bewildering array of superannuated spooks and silver haired spies have descended on Aberystwyth all lured out of retirement by one tantalising rumour Hoffmann has decided to come in from the Cold Louie Knight who still hasn t wrapped his presents just wishes he could have waited until after the holiday *Aberystwyth Studies* ,1929 *To Hell with Culture* H.
