The Age-friendly Lens Christie M. Gardiner, Eileen O'Brien Webb, 2022-08-05 This book engages with the concept of age friendly environments adopting multi perspectivity to demonstrate how age friendly environments can contribute to shifting how we think feel and act toward issues of age and ageing and operate as a vehicle to improve understandings of ageism Drawing from traditionally distinct fields the text demonstrates theoretical and applied dimensions of the age friendly global agenda with several chapters discussing topics that have to date been underrepresented in age friendly scholarship including education health and justice systems The case studies encourage critical engagement with the issue of ageism in age friendly scholarship It presents a clear understanding of the inequalities challenges and opportunities of ageing and of the ways international regional national and sub national commitments in health development and human rights and are further impacted by ageing through designing implementing monitoring and evaluating policies and programmes The essays utilise a critical and interdisciplinary dialogue to enhance discussion of the age friendly environment agenda through the inclusion of age friendly perspectives in addition to its processes and destinations in an ageing society The book serves as a catalyst to stimulate research policy and public interest in the physical social and regulatory environments in which we age and the consequent impact upon health and well being It will be of interest to professors graduate students and undergraduate students in policy sociology health planning and gerontology It is also recommended reading for policy makers politicians think tanks and lobbyists who are concerned with age all age inclusiveness

Research Handbook on Shareholder Inspection Rights Randall S. Thomas, Paolo Giudici, Umakanth Varottil, 2023-05-09 Shareholder inspection rights form an important tool for shareholder protection They offer shareholders seeking information private access to specific books and records of the company that are otherwise not publicly available While there has been a discourse on the topic in some jurisdictions such as Delaware USA it has not received scholarly

treatment at an international level This Research Handbook seeks to alter that and signifies the first endeavor to engage in a comprehensive and comparative analysis of shareholder inspection Total Survey Error in Practice Paul P. Biemer, Edith D. de Leeuw, Stephanie Eckman, Brad Edwards, Frauke Kreuter, Lars E. Lyberg, N. Clyde Tucker, Brady T. West, 2017-02-21

Featuring a timely presentation of total survey error TSE this edited volume introduces valuable tools for understanding and improving survey data quality in the context of evolving large scale data sets This book provides an overview of the TSE framework and current TSE research as related to survey design data collection estimation and analysis It recognizes that survey data affects many public policy and business decisions and thus focuses on the framework for understanding and improving survey data quality The book also addresses issues with data quality in official statistics and in social opinion and market research as these fields continue to evolve leading to larger and messier data sets This perspective challenges survey organizations to find ways to collect and process data more efficiently without sacrificing quality The volume consists of the most up to date research and reporting from over 70 contributors representing the best academics and researchers from a range of fields The chapters are broken out into five main sections The Concept of TSE and the TSE Paradigm Implications for Survey Design Data Collection and Data Processing Applications Evaluation and Improvement and Estimation and Analysis Each chapter introduces and examines multiple error sources such as sampling error measurement error and nonresponse error which often offer the greatest risks to data quality while also encouraging readers not to lose sight of the less commonly studied error sources such as coverage error processing error and specification error The book also notes the relationships between errors and the ways in which efforts to reduce one type can increase another resulting in an estimate with larger total error This book Features various error sources and the complex relationships between them in 25 high quality chapters on the most up to date research in the field of TSE Provides comprehensive reviews of the literature on error sources as well as data collection approaches and estimation methods to reduce their effects Presents examples of recent international events that demonstrate the effects of data error the importance of survey data quality and the real world issues that arise from these errors Spans the four pillars of the total survey error paradigm design data collection evaluation and analysis to address key data quality issues in official statistics and survey research Total Survey Error in Practice is a reference for survey researchers and data scientists in research areas that include social science public opinion public policy and business It can also be used as a textbook or supplementary material for a graduate level course in survey research methods Canadian Journal of Forest Research ,2013 *Communicative Capacity* Koen P.R. Bartels, 2015-07-29

In many societies participatory democracy has become an unshakable norm and widespread practice with public professionals and citizens regularly encountering each other in participatory practice to address shared problems But while the frequency pace and diversity of these public encounters has increased communication in participatory practice remains a challenging fragile and demanding undertaking that often runs astray This unique book integrates empirical theoretical and practical material to

explore how citizens and public professionals communicate why this is so difficult and what could lead to more productive conversations Drawing on fifty nine timely original interviews conducted with public professionals and citizens to make a thorough comparative analysis of cases in the United Kingdom the Netherlands and Italy it shows policy makers practitioners students and academics the value of communicative capacity
