**Power Engineering** ,1996      *Petroleum Review* ,1994      Narrative Approaches to Brain Injury David Todd,Stephen Weatherhead,2018-03-21 This book brings together narrative approaches and brain injury rehabilitation in a manner that fosters an understanding of the natural fit between the two We live our lives by narratives and stories and brain injury can affect those narratives at many levels with far reaching effects Understanding held narratives is as important as understanding the functional profile of the injury This book explores ways to create a space for personal stories to emerge and change whilst balancing theory with practical application Despite the emphasis of this book on the compatibility of narrative approaches to supporting people following brain injury it also illustrates the potential for contributing to significant change in the current narratives of brain injury This book takes a philosophically different approach to many current neuro rehabilitation topics and has the potential to make a big impact It also challenges the reader to question their own position but does so in an engaging manner which makes it difficult to put down      **The Oxford Handbook of Emerging Adulthood** Jeffrey Jensen Arnett,2016 The Oxford Handbook of Emerging Adulthood is the first and only comprehensive compilation spanning the field of emerging adulthood      *Marriages and Families* Nijole Vaicaitis Benokraitis,Nijole Benokraitis Benokraitis,2003 For courses in Marriage and Family Sociology of Family and Family Studies Relationships in departments of Sociology Family Studies Psychology and Women s Studies This best selling full color text introduces students to the study of contemporary marriages and families by examining the changing American family and exploring their choices and constraints This approach combined with the most current research and practical guidelines encourages students to join the effort to resolve some of the crucial issues confronting 21st century families      **Army-Navy-Air Force Register and Defense Times** ,1958      *Contesting Global Environmental Knowledge, Norms and Governance* M. J. Peterson,2019-01-08 Through theoretical discussions and case studies this volume explores how processes of contestation about knowledge norms and governance processes shape efforts to promote sustainability through international environmental governance The epistemic communities literature of the 1990s highlighted the importance of expert consensus on scientific knowledge for problem definition and solution specification in international environmental agreements This book addresses a gap in this literature insufficient attention to the multiple forms of contestation that also inform international environmental governance These forms include within discipline contestation that helps forge expert consensus inter disciplinary contestation regarding the types of expert knowledge needed for effective response to environmental problems normative and practical arguments about the proper roles of experts and laypersons and contestation over how to combine globally developed norms and scientific knowledge with locally prevalent norms and traditional knowledge in ways ensuring effective implementation of environmental policies This collection advances understanding of the conditions under which contestation facilitates or hinders the development of effective global

environmental governance The contributors examine how attempts to incorporate more than one stream of expert knowledge and to include lay knowledge alongside it have played out in efforts to create and maintain multilateral agreements relating to environmental concerns It will interest scholars and graduate students of political science global governance international environmental politics and global policy making Policy analysts should also find it useful **Army and Navy Register** ,1958
