## About Financial Accounting Volume 1 Berry:

About Financial Accounting P. R. Berry, E. S. De Klerk, J. S. Jansen van Rensburg, D. Scott, D. Scheepers, 2011 The book is divided into two volumes Volume 1 deals with the financial accounting concepts principles and procedures Volume 2 deals with the accounting for partnerships close corporations branches and manufacturing entities Preface **BioRevolution - A Promising Strategy** Sri Krishna Arts and Science College, 2014 **The Accounting Historians Journal**, 1981 *The Routledge Handbook to Qualitative Accounting Research Methods* Zahirul Hoque, Lee D. Parker, Kathryn Haynes, 2026-01-30 Selecting from the extensive range of research methodologies remains a challenge for all scholars not least those studying the world of accounting Both established and emerging research methods are frequently advocated creating a challengingly broad range of choices Covering a wide selection of qualitative methodological issues research strategies and methods this comprehensive new edition provides an essential guide to the choice and execution of qualitative research approaches in this field The original chapters included in the previous edition have all been updated to reflect the changing academic and research environment and a significant number of new chapters on several contemporary themes have been introduced These include research researched relationship and its effects in interpretive accounting research translation in accounting research phenomenology netnography counter accounts autoethnography virtual field interviews and embracing qualitative research in a hostile environment This new volume draws on the expertise of cutting edge scholars in the field offering insights to enhance knowledge creation and challenge the staid and overused methods and assumptions that often dominate the field Thus it is well suited to the needs of the new generation of researchers presenting a more cohesive and focused pathway into qualitative research Finance and the Firm Edward W. Davis, John Pointon, 1984 Combines a rigorous treatment of the theory of investment and finance with practical applications within the context of the UK financial system

**A History of GKN: The growth of a business, 1918-45** Edgar Jones, 1987 *A History of GKN* Edgar Jones, 1990-11-19 This history of GKN formerly Guest Keen Nettlefolds shows the dramatic changes which occurred to the group in the 25 years following the end of the first world war It describes the merger with the steelmakers John Lysaght the development by acquisition of its fastener interests and the extension of the business into Australia and India With the rise of H Seymour Berry Lord Buckland and Sir David Llewellyn to the highest ranks of its management a new strategy for growth was implemented the takeover of major collieries in South Wales and associated sales and marketing companies Undertaken in the harsh competitive twenties the plan foundered on the slump The thirties saw GKN divest itself of its coal and heavy steel interests to bring the focus back to light engineering in the Midlands A return to sound profits was interrupted by the Second World War which caused disruption as the group was called upon to manufacture munitions and machinery demanded by the armed forces Using internal company records this business history reveals strategic policy decisions demonstrates the sources of income and assesses the strengths of the management and contribution of the workforce Tax

and *Optimal Capital Budgeting Decisions* Suzanne Farrar, 2020-04-22 First published in 1999 this volume responds to the system of corporate taxation in the UK and aims to develop mathematical programming models which determine the optimum combination of investment decisions and financing methods for capital budgeting on a post tax basis incorporating specific important areas not previously examined in the literature Suzanne Farrar also aims to achieve operational experience of these models in order to gain insights into the impact of taxation on project appraisal in complex situations where several potentially distorting tax effects operate simultaneously and the general practical feasibility of operational use Beginning with capital investment and the UK Corporate Tax System Farrar moves onto capital investment appraisal tax and optimal financing optimisation models in capital budgeting the mathematical programming model and operational use of that model
