Abrahams Heirs Jews And Christians In Medieval Europe:

Abraham's Heirs Leonard B. Glick,1999-01-01 Leonard B Glick recounts the history of the Ashkenazic Jewish experience in medieval western Europe from the fifth to fifteenth centuries focusing on interaction between Jews and Christians during this vital formative period He demonstrates that Ashkenazic Jewish culture was profoundly shaped and conditioned by life in an overwhelmingly Christian society Drawing on diverse Christian documents he portrays Christian beliefs about medieval Jews and Judaism with a degree of detail seldom found in Jewish histories Emphasizing social political and economic history but also discussing religious topics Glick describes the evolution of a complex inherently unequal relationship Because the Ashkenazic Jews of medieval Europe were ancestral to almost the entire Jewish population of eastern Europe their historical experience played a major role in the heritage of most Jewish Americans

Christian Attitudes Toward the Jews in the Middle Ages

Michael Frassetto,2007 Publisher description The Language of Heresy in Late Medieval English Literature Erin K. Wagner,2024-04-22 Vernacular writers of late medieval England were engaged in global conversations about orthodoxy and heresy Entering these conversations with a developing vernacular required lexical innovation The Language of Heresy in Late Medieval English Literature examines the way in which these writers complemented seemingly straightforward terms like heretic with a range of synonyms that complicated the definitions of both those words and orthodoxy itself This text proposes four specific terms that become collated with heretic in the parlance of medieval English writers of the 14th and 15th centuries jangler Jew Saracen and witch These four labels are especially important insofar as they represent the way in which medieval Christianity appropriated and subverted marginalized or vulnerable identities to promote a false image of unassailable authority

Insights and Interpretations Colum Hourihane,2002 Established in 1917 the Index of Christian Art located at Princeton University is now the largest archive of medieval art in existence and the most

specialized resource for the iconographer Throughout its eighty five years it has justly been recognized as one of the most learned institutions for the study of the art and culture of the medieval world The essays in this book all by staff or scholars of the archive highlight some of the current research in the archive and the scholarship for which it has been widely renowned The studies cover art from the Late Antique period to the end of the fifteenth century and include most of the media represented in the archive from manuscripts to sculpture to glass From reinterpreting previous scholarship to making new insights into the medieval mind they explore such themes as Jephtha's Daughter Mary Magdalene Saints Blaise Paul Joseph and Elisabeth of Hungary and topics including women in the Bibles moralities Late German sermons the iconographic program at Bourges Cathedral Franciscan devotional art and a late medieval Islamic manuscript This volume presents some of the most exciting and interdisciplinary approaches to the study of these subjects from the home of medieval iconography in Princeton The contributors are Adelaide Bennett Lois Drewer Ivan Great Judith Golden Gerald Guest Margaret Jennings Margaret Lindsey Mika Natif Lynn Ransom Pamela Sheingorn and A E Wright

Abraham in the Three Monotheistic

Faiths Avigdor Shin'an,1999 *Jews and Judaism in the Middle Ages* Theodore L. Steinberg,2008 Steinberg English SUNY at Fredonia Reading the Middle Ages presents a well researched yet highly accessible overview of medieval Jewry that takes neither a predominantly Western Christian approach to medieval history nor one limited to Hebrew speaking audiences Steinberg bridges the gap between works by medieval historians possessing a deep knowledge of the period but having almost no knowledge of the unique role and contributions of Jews during the era and works by Jewish scholars presuming in the reader a prior knowledge of Jewish identity history culture and language He clears up many misconceptions along the way e g that Jewish life in the Middle Ages was a succession of horrors arguing that an overemphasis on Jewish suffering has left scholars with a distorted picture of Jewish history He also highlights major contributions from Jewish philosophers and scholars of the period that culminated in the greatest achievement of the era the rise of Rabbinic Judaism Scholarly yet highly accessible this book fills a significant gap in the literature of the field and is recommended for all academic and most public libraries Brian Greene Northeastern Univ Libs Boston Copyright Reed Business Information a division of Reed Elsevier Inc All rights reserved The Journal of Medieval and Early Modern Studies ,2000 The Journal of Jewish Studies ,1999

Competing Voices from the Crusades Andrew Holt,James Muldoon,2008-08-30 Fighting Words is an innovative and accessible new military history series each title juxtaposing the voices of opposing combatants in a major historical conflict Presented side by side are the testimonies of fighting men and women the reportage of nations at war and the immediate public responses of belligerent war leaders Together they offer strikingly different perspectives on the same events The extracts are short and snappy complemented by brief introductions which set the scene They vividly recreate the conflicts as they were experienced At the same time they open up new perspectives and challenge accepted assumptions Readers will question the nature of primary sources the motivations of the authors the agendas that influence media reports and the omissions inherent in all of the sources Ultimately readers will be left to ponder the question whose history is this

Germanic Notes and Reviews ,1999 **A Historical Atlas of the Jewish People** Elie Barnavi,Miriam

Eliav-Feldon,Denis Charbit,2002 The history of the Jews spans more than two millenia and encompasses most parts of the globe an extraordinary saga which is set forth pictorially in this comprehensive and richly illustrated and designed volume With hundreds of brilliantly detailed maps photographs and drawings and chronologies and commentaries by leading experts A Historical Atlas of the Jewish People is both an authoritative reference work and a sumptuous gift volume **Jewish Conversion from the Sixth Through the Twelfth Century** Jessie Sherwood,2006 Conversions between Judaism and Christianity were rare during much of the Middle Ages yet they were an important facet of relations between Jews and Christians This dissertation examines the changing dynamics of Jewish conversion from the sixth through the twelfth century Among the issues under discussion are forcible baptism religious identity returning converts and converts ability to integrate into Christian society and also analyzes converts texts This thesis makes three related arguments It postulates that religious identity remained plastic throughout the early Middle Ages allowing converts to integrate into their new communities but became more rigid after the late eleventh century Secondly it argues that Christian attitudes toward converts who returned to Judaism grew less tolerant during the twelfth century Thirdly it asserts that using coercion to baptize Jews during the tenth and eleventh centuries became more acceptable in the tenth and eleventh centuries Where possible it also explores converts experiences of and explanations for conversion in the context of these changes arguing that there is often a gap between converts accounts and Christian expectations The first chapter studies the precedents left from the early Middle Ages by surveying the legislation governing and the early accounts of conversion The second chapter investigates the plasticity of religious identity in the tenth and eleventh centuries by examining the extant references to converts while the third chapter deals with the accounts of compulsory baptism from the tenth and eleventh century The fourth chapter surveys twelfth century converts and the expectations of them articulated in Christian conversion stories The fifth chapter turns to the texts left by three twelfth century converts and their understandings of conversion The sixth chapter addresses the question of adolescent conversion revising the current assumption that most Jewish converts were adolescent males Finally the seventh chapter examines the changing attitudes toward and treatment of Jewish converts and returning converts in the twelfth century

How Diasporic Peoples Maintain Their Identity in Multicultural Societies Norman Vasu,2008 How Diasporic Peoples Maintain Their Identity in Multicultural Societies Chinese Africans and Jews **German Literature Between Faiths** Peter Meister,2004 Religion is a central concern of German literature in all centuries and the canon looks different when this perspective is acknowledged For example Goethe's fascination with evil is difficult to disentangle from

the Holocaust Moses Mendelssohn is as profound as the playwright who portrayed him and Princess Sabbath deserves to be numbered among Heine's more enchanting lyrics. This essay collection posits and tests the hypothesis that German literature at its best is often an expression or investigation of Judaism or Christianity at their best but that the best German literature is not always the best known and vice versa. Asking whether the New Testament is anti-Jewish and answering in the negative essayists range through the German centuries from The Heliand to Kafka and Thomas Mann.
