The absurd in literature Neil Cornwell, 2013-07-19 Neil Cornwell's study while endeavouring to present an historical survey of absurdist literature and its forbears does not aspire to being an exhaustive history of absurdism. Rather it pauses on certain historical moments, artistic movements, literary figures and selected works before moving on to discuss four key writers: Daniil Kharms, Franz Kafka, Samuel Beckett and Flann O'Brien. The absurd in literature will be of compelling interest to a considerable range of students of comparative European, including Russian and Central European and English literatures, British Isles and American as well as those more concerned with theatre studies, the avant garde and the history of ideas including humour theory. It should also have a wide appeal to the enthusiastic general reader. **From Mimetic**

Translation to Artistic Transduction Dinda Gorlée, 2023-10-03 Roman Jakobson gave a literary translation of the double words and concepts of poetical hyper translation. Language can transmit verbal translation to explore new ways of thinking about music and other arts. Thomas A Sebeok deconstructed the energy of translation into the duplicated genres of artistic transduction. In semiotics, transduction is a technical expression involving music theater and other arts. Jakobson used Saussure's theory to give a single meaning in a different art but with other words and sounds later followed by Peirce's dynamic energy with a floating sensation of the double meaning of words and concepts. For semiotician Peirce, literary translation becomes the graphical vision of ellipsis, parabole and hyperbole. Ellipsis is illustrated by Virginia Woolf's novel *The Waves* to give a political transformation of Wagner's opera *Das Rheingold*. Parabole is illustrated by the two lines of thought of Hector Berlioz. He neglected his own translation of Virgil's *Aeneid* when he retranslated the vocal text to accompany the musical lyrics of his opera *The Trojans*. Hyperbole is demonstrated by Bertold Brecht's auto translation of Gay's *The Beggar's Opera*. In the cabaret theater of *The Three penny Opera*, Brecht recreated his epic hyper translation by retranslating the language of the folk speech of the German working classes with the jargon of criminal slang. The Illusion of the Absolute Edwin Donoghue, 1982 **Hegel and Aesthetics** Colo.) Hegel Society of America Meeting 1996 (Keystone, Hegel Society of America. Meeting, 2000-05-18 Leading scholars consider Hegel's philosophy of art and its contemporary significance.

Challenging the Absolute Simon F. Oliai, 2014-12-30 Our contemporary world presents a seemingly inexplicable paradox. It is a world where interaction among societies of different cultural traditions has never been easier. A world in which modern technology has visibly overcome the physical barriers that had long condemned the majority of men to relative isolation from one another. Yet our world is also one in which the illusion of a lost original cultural or religious identity grounded by a metaphysical absolute pits men against one another. A physically more accessible world has thus become an increasingly fundamentalist one. In this book written in the wake of such influential European thinkers as Nietzsche, Heidegger, Foucault, Derrida and Vattimo, Simon Oliai analyzes the conceptual underpinnings of this paradox and argues that unless the European affirmation of man's finite existence becomes universal, we shall never rid ourselves to echo Nietzsche of the repressive
