Hacker, 1987 **Overview and Directory** , 1982 **Mental Retardation Handbook** Martin N. Levine, 1989 **Education and Training of the Mentally Retarded** , 1982 The Clinical Handbook of Family Nursing Judith M. McFarlane, 1986 A practical easy to use manual for maintaining and promoting the health of families and a concise guide to management of problems encountered during the delivery of family health care Presented are protocols for management and prevention of disease arranged into phrases decision making algorithms and tables that can be used while working The book focuses on the social cultural and environmental needs of the family unit as well as the physical and psychological needs of individual members and offers a selection of excellent assessment tools including physical developmental nutritional environmental and interpersonal Also included are tips for client education and health promotion resources Personality Assessment Richard I. Lanyon, Leonard D. Goodstein, 1997 In the fifteen years since the publication of the second edition of *Personality Assessment* a series of fundamental changes and far reaching advancements has lifted this area of psychological inquiry to a new level of technical sophistication and moved the entire discipline dramatically closer to the realm of applied science These changes include an increasing differentiation between diagnostic assessment and assessment for theoretical study greater acceptance of traits as fundamental aspects of personality advances in the conceptual and psychometric technology of test construction and the rapidly growing availability of high speed computers along with multivariate statistical procedures to interpret data This fully updated and expanded third edition pays special attention to each of these trends the roots of which can be traced back nearly to the discipline s

beginnings An entirely new chapter discusses issues surrounding the application of personality to the workplace including its use in personnel selection and employment interviews measuring leadership capabilities and assessing transformational leadership and training and development As they did in this book s widely used predecessors Richard I Lanyon and Leonard D Goodstein describe the major methods and techniques of personality assessment discuss their underlying rationale and development and provide a survey of central contemporary issues and problems They explore areas of special application such as the assessment of children forensic psychology neuropsychology and the effects of particular demographic factors such as gender age and ethnicity And reflecting the discipline s increasing orientation toward applications they examine ethical moral and legal issues such as misuse of personality assessment devices confidentiality inviolacy and restriction of freedom Thoughtful comprehensive and completely up to date Personality Assessment Third Edition is an excellent text for advanced undergraduate and beginning graduate students in a wide variety of academic and professional training settings including psychology social work management assessment and development and medicine It is also a handy reference for professionals who want to stay up to speed with recent developments in the field Praise for the previous editions of Personality Assessment Lanyon and Goodstein provide an introduction to the concepts methods and issues in the area of personality assessment written at a level appropriate for a rather broad range of readers extending from advanced undergraduates to graduate students and including members of such related professions as medicine and social work as well as the informed layman They present a large number of technical concepts such as base rates utility and moderator variables in a clear understandable fashion Contemporary Psychology on the first edition After reading the second edition of Lanyon and Goodstein s Personality Assessment I decided I needed help in order to write a critical review In hopes of finding critical comments I read all the reviews of the first edition I could find My hopes were quickly dashed praise was universal criticisms few and generally minor It also became apparent that whether intentionally or not the authors responded to many of the reviewers critical comments in preparing the second edition Kevin L Moreland Journal of Personality Assessment on the second edition
