Black Greek-letter Organizations in the Twenty-First Century Gregory S. Parks, 2008-06-13 During the twentieth century black Greek Letter organizations BGLOs united college students dedicated to excellence fostered kinship and uplifted African Americans Members of these organizations include remarkable and influential individuals such as Martin Luther King Jr Congresswoman Barbara Jordan novelist Toni Morrison and Wall Street pioneer Reginald F Lewis Despite the profound influence of these groups many now question the continuing relevance of BGLOs arguing that their golden age has passed Partly because of their perceived link to hip hop culture black fraternities and sororities have been unfairly reduced to a media stereotype a world of hazing without any real substance The general public knows very little about BGLOs and surprisingly the members themselves often do not have a thorough understanding of their history and culture or of the issues currently facing their organizations To foster a greater engagement with the history and contributions of BGLOs Black Greek Letter Organizations in the Twenty first Century Our Fight Has Just Begun brings together an impressive group of authors to explore the contributions and continuing possibilities of BGLOs and their members Editor Gregory S Parks and the contributing authors provide historical context for the development of BGLOs exploring their service activities as well as their relationships with other prominent African American institutions The book examines BGLOs responses to a number of contemporary issues including non black membership homosexuality within BGLOs and the perception of BGLOs as educated gangs As illustrated by the organized response of BGLO members to the racial injustice they observed in Jena Louisiana these organizations still have a vital mission Both internally and externally BGLOs struggle to forge a relevant identity for the new century Internally these groups wrestle with many issues including hazing homophobia petty intergroup competition and the difficulty of bridging the divide between college and alumni members Externally BGLOs face the challenge of rededicating themselves to their communities and leading an aggressive campaign against modern forms of racism sexism and other types of fear driven behavior By embracing the history of these organizations and exploring their continuing viability and relevance Black Greek Letter

familiar American films by Elia Kazan and Woody Allen while Youngblood helps readers comprehend Soviet films most have never seen Collectively their commentaries track the Cold War in its entirety from its formative phase through periods of thaw and self doubt to the resurgence of mutual animosity during the Reagan years and enable readers to identify competing core propaganda themes such as decadence versus morality technology versus humanity and freedom versus authority As the authors show such themes blurred notions regarding propaganda and entertainment terms that were often interchangeable and mutually reinforcing during the Cold War Featuring engaging commentary and evocative images from the films discussed Cinematic Cold War offers a shrewd analysis of how the silver screen functioned on both sides of the Iron Curtain As such it should have great appeal for anyone interested in the Cold War or the cinematic arts
