**A Dweller on Two Planets** Phylos The Thibetan,Frederick S. Oliver,2021-02-17 A Dweller on Two Planets or The Dividing of the Way is a book written by Frederick S Oliver who was born in 1866 It was not published until 1905 by his mother Mary Elizabeth Manley Oliver six years after Oliver s death in 1899 In the amanuensis preface Oliver presents the book as a true account of the actual past of the true author called Phylos The Thibetan otherwise identified as Yol Gorro In its introduction Oliver claims that the book had been channeled through him via automatic writing visions and mental dictations by a spirit calling himself Phylos the Thibetan who revealed the story to him over a period of three years beginning in 1883 Concerning itself with Atlantis it portrays a first person account of Atlantean culture which had reached a high level of technological and scientific advancement His personal history and that of a group of souls with whom Phylos closely interacted is portrayed in the context of the social economic political and religious structures which shaped Poseid society Daily life for Poseidi citizens included such things as antigravity air and submarine craft television wireless telephony aerial water generators air conditioners and high speed rail The book deals with deep esoteric subjects including karma and re

incarnation and describes Phylos final incarnation in 19th century America where his Atlantean karma played itself out In that incarnation as Walter Pierson gold miner and occult student of the Theo Christic Adepts he travelled to Venus Hysperia in a subtle body while his physical form remained at the temple inside Mt Shasta Describing his experience with the Hesperian adepts Phylos relates many wonders including artworks depicting 3D scenes that appeared alive He saw a voice operated typewriter and other occult and technical power Some devices mentioned have become reality such as the TV and the atomic telescope In a detailed personal history of Atlantis and 19th century North America Phylos draws the threads of both lifetimes together in familiar and initiatic terms revealing equally their triumphs and failures and exposing the cause and effects of karma from one lifetime to another His life story is written in personal testimony of the law whatsoever a man soweth that shall he also reap and as a warning to this technological age to not repeat the mistakes of the past which lead to cataclysmic destruction

*A DWELLER ON TWO PLANETS* Phylos The Thibetan,2017-11-11 A Dweller on Two Planets is one of the most important texts of the 19th century Atlantis canon The book was channeled to Frederick Spenser Oliver 1866 1899 at his Northern California home near Mount Shasta over a period of three years beginning when he was seventeen Oliver claimed not to have written any of the text asserting that he was merely transmitting what Phylos revealed to him In fact professed Oliver the manuscript was dictated to him out of sequence much of it backward so that he could not interfere with the outcome Phylos was also Walter Pierson a prospector in northern California during 1863 1866 who is the reincarnated Phylos from Atlantis As Phylos Pierson dictated the book to Oliver Oliver produced the text in a form of automatic writing The book begins with Phylos lives in Atlantis and the wonderful technology that those people had including electricity and airships In part two of the book Phylos reincarnates as Walter Pierson and is taken inside Mount Shasta by a Chinese Master named Quong During his time inside Mount Shasta Pierson is taken in his astral body to Venus hence the title of the book A better title might have been From Atlantis to Mount Shasta While some have called the book brilliant speculative fiction if somewhat disjointed believers in reincarnation cannot help but think that there is some sort of reality to this strange book that goes into great detail about antigravity mass transit the employment of dark side energy which today would be called zero point energy and devices such as voice operated typewriters The cigar shaped highly maneuverable Atlantean flying machines or vailx have an eerie resemblance to 19th and 20th century UFO reports Phylos also speaks of personalized heavens almost like virtual realities something very compelling

Thibetan, Frederick S. Oliver,2004-06-01 So long did I defer action in the case of Lolix that I came to fear to take any course except to let events order their own settlement Yea I lost confidence in my ability to solve the dangerous problem fearful lest I should make a bad matter worse Thus the days slipped by and the examination ordeal was close at hand Neglect Lolix I did not could not nor had I desire to do so Very often I was with her indeed with a strange blindness to the wrong involved I

divided my leisure between Lolix and Anzimee I sometimes feared that Mainin Gwauxln or perhaps both knew of my secret They did too for their occult vision was too keen to allow them not to know the facts *A Dweller on Two Planets, Or the Dividing of the Way (Classic Reprint)* Frederick Spencer Oliver,2016-10-20 Excerpt from A Dweller on Two Planets or the Dividing of the Way The World is full of thinkers but strangely rare are those who clearly can perceive The perception of absolute truth is the realization of God and with this perception the individual of such attainment requires no earthly attributes About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *A Dweller on Two Planets - Large Print Edition* Phylos The Thibetan, Frederick S. no earthly attributes It is conclusive then that those whom we know subject to mortal ills are so because they have not attained correct perception The thinker whose primary perception is erroneous cannot reason to an understanding of absolute truth The philosophical method by which correct perception is attained is not important the only essential factor being the perception itself The thinker then should lay aside all prejudice and scan these pages only for such things as will clarify his mental vision There is material here for the gratification of sordid ambition suggestions that a mind familiar with mortal ways can conceive misused But the thinker keen enough to develop these suggestions will be keen enough to see the way to the perception of truth and the wastefulness of unwise accomplishment The perception of absolute truth and no man is so base but that he would seize it if he could requires the correct application of all energy the elimination of all discord the accomplishment of harmony with eternal being The following pages constitute a text to aid the thinker to perceive Perhaps the key is here Who Knows Each thinker for himself must decide George Vail Steep Los Angeles January 24 1920 BOOK I Page CHAPTER I 25 Atlantis Queen of the Sea and of the world Zaiml s prilgrim age to the top of Pitach Rhok to worship his Deity He finds old The volcanic eruption He is almost overtaken by lava ow but escapes CHAPTER II 41 Caipul capital of Atlantis
