Mineka, 2016-02-26 For courses in Abnormal Psychology A comprehensive overview of abnormal psychology with DSM 5 coverage throughout Abnormal Psychology provides a comprehensive and engaging introduction to the primary psychological disorders studied within the discipline Maintaining a focus on the individuals at the heart of the study of abnormal psychology the authors employ a biopsychosocial approach that helps students achieve an understanding of the holistic context in which abnormalities of behavior occur In addition to the contributions of new co author Matthew Nock the Seventeenth Edition has been extensively updated to reflect DSM 5 diagnostic categories classifications and criteria Also available with MyPsychLab This title is also available with MyPsychLab an online homework tutorial and assessment program designed to work with this text to engage students and improve results Within its structured environment students practice what they learn test their understanding and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts Students if interested in purchasing this title with MyPsychLab ask your instructor for the correct package ISBN and Course ID Instructors contact your Pearson representative for more information Abnormal Psychology Seventeenth Edition is also available via REVEL an interactive learning environment that enables students to read practice and study in one continuous experience Note You are purchasing a standalone product MyLab Mastering does not come packaged with this content Students if interested in purchasing this title with MyLab Mastering ask your instructor for the correct package ISBN and Course ID Instructors contact your Pearson representative for more information If you would like to purchase both the physical text and MyLab Mastering search for 0134495993 9780134495996 Abnormal Psychology plus MyPsychLab with eText Access Card Package 17 e Package consists of 0133852059 9780133852059 Abnormal Psychology 17 e 0205206514 9780205206513 MyPsychLab with eText Access Card *Casebook in Abnormal Psychology* Timothy A. Brown, David H. Barlow, 2001 Using cases taken from the authors case files or from case files of other working clinicians this casebook portrays the rich and arresting nature of disorders as they are displayed in real people Cases illustrate every major DSM IV category and are followed by a therapy outcome section which gives the rest of the story of what happened to these clients The authors draw on an extremely current and thorough database look at the multiple causes of disorders and incorporate developmental and cultural issues in each case Two complex cases are included without a diagnosis to give students an opportunity to come up with diagnoses on their own **Introduction to Psychology and Behaviour Science** Vidya Bhagat, 2017-05-07 In the field of psychology there are many books which are of interest to the students of psychology However I had felt a need for a book which offers a comprehensive account of topics related to the introduction to psychology and behavioural science to the best possible extent which emphasises on easy and understandable language for

undergraduate students Working in Malaysia and being a part of the health and medical education system here I was inspired by the support and encouragement prevailing in the atmosphere which was conducive for expressing my ideas in simple form of this book for the benefits of our students I considered it apt to use my knowledge to meet this dire need which led to the penning of this book It will hopefully serve as a very useful aid to students in their curriculum The students will benefit from the information covered in this book which articulates thoughts and ideas related to the subject matter This effort is aimed at helping the students gain knowledge effectively

Lifespan Development Michele Hoffnung,Robert J. Hoffnung,Kelvin L. Seifert,Alison Hine,Lynn Ward,Cat Pause,Karen Swabey,Karen Yates,Rosanne Burton Smith,2015-09-28 Lifespan Development Third Australasian edition explores human physical cognitive and social development within an Australian and New Zealand context Building on the successful first and second editions the resource s comprehensive theory coverage includes the latest local and international research in this ever evolving field and is perfectly complemented by numerous physical and mental health applications within local psychological allied health and educational settings This edition includes enhanced coverage of developmental theories and increased integrated coverage of cross cultural and Indigenous issues unique to the multicultural societies of Australia and New Zealand It is an ideal resource offering for undergraduate students in both countries in order to enhance understanding of human development from conception through to the end of life
