Aboriginal Backgrounds For Powerpoint:

    Indigenous Perspectives of North America Judit Nagy,Enikő Sepsi,Miklós Vassányi,2014-08-20 The present volume brings to North American Native Studies with its rich tradition and accumulated expertise in the Central European region the new complexities and challenges of contemporary Native reality The umbrella theme Indigenous perspectives brings together researchers from a great variety of disciplines focusing on issues such as democracy and human rights international law multiculturalism peace and security economic and scientific development sustainability literature and arts and culture as well as religion The thirty five topical and thought provoking articles written in English French and Spanish offer a solid platform for further critical investigations and a useful tool for classroom discussions in a wide variety of academic fields   <u>Parole in Canada</u> Sarah Turnbull,2016-10-25 Just as Canada s population has changed in the past four decades so too has its prison population The increasing diversity among prisoners raises important questions about how we punish those who break the law Parole in Canada is the first book to explore how concerns about Aboriginality gender and the multicultural ideal of diversity have been interpreted and used to alter federal parole policy and practice Using the Parole of Board of Canada as a case study this book shows how certain facets of offender differences are selectively included for accommodation while fundamental institutional structures practices and power arrangements remain unchanged Sarah Turnbull argues that as the current approach fails to challenge outdated notions about gender race and aboriginality within the penal system instead of addressing concerns around diversity these measures end up contributing to further exclusion and discrimination within the system   *Information Technology and Indigenous People* Dyson, Laurel Evelyn,Hendriks, Max,Grant, Stephen,2006-08-31 This book provides theoretical and empirical information related to the planning and execution of IT projects aimed at serving indigenous people It explores cultural concerns with IT implementation including language issues questions of cultural appropriateness Provided by publisher   <u>Aboriginal Self-government in Canada</u> Yale Deron Belanger,2008 Building on the success of the first two editions this volume briefly recaps the historical development and public acceptance of the concept of Aboriginal self government then proceeds to examine its theoretical underpinnings the state of Aboriginal self government in Canada today and the many practical issues surrounding implementation Topics addressed include justice innovations initiatives in health and education to grant greater Aboriginal control financing and intergovernmental relations Aboriginal municipal government relations developing effective Aboriginal leadership M tis self government aspirations the intersection of women s rights and self government and international perspectives Various self government arrangements already in existence are examined including the establishment of Nunavut the James Bay Agreement Treaty Land Entitlement settlements the Alberta M tis settlements and many other land claims settlements that have granted Aboriginal communities greater control over their affairs Pub website   <u>A Handbook of Aboriginal Languages of New South Wales and the Australian Capital Territory</u> James William Wafer,Amanda Lissarrague,2008 The handbook is a guide to Aboriginal languages

with illustrative vocabularies It is divided into two parts the first part which includes maps is a survey of the Indigenous languages of NSW and the ACT giving information about dialects locations and resources available for language revitalisation the second part provides word lists in practical spelling for 42 distinct language varieties There is also useful information on contact languages sign languages and kinship classification as well as an appendix on placenames The handbook is a valuable reference and educational resource useful to Aboriginal people who want to revitalise their language
