**Mixed Signals** Uri Gneezy, 2023-03-21 An informative and entertaining account of how actions send signals that shape behaviors and how to design better incentives for better results in our life our work and our world Incentives send powerful signals that aim to influence behavior But often there is a conflict between what we say and what we do in response to these incentives The result mixed signals Consider the CEO who urges teamwork but designs incentives for individual success who invites innovation but punishes failure who emphasizes quality but pays for quantity Employing real world scenarios just like this to illustrate this everyday phenomenon behavioral economist Uri Gneezy explains why incentives often fail and demonstrates how the right incentives can change behavior by aligning with signals for better results Drawing on behavioral economics game theory psychology and fieldwork Gneezy outlines how to be incentive smart designing rewards that are simple and effective He highlights how the right combination of economic and psychological incentives can encourage people to drive more fuel efficient cars be more innovative at work and even get to the gym Incentives send a signal Gneezy writes and your objective is to make sure this signal is aligned with your goals

*George Washington on Screen* Leigh Ehlers Telotte, 2023-07-17 One of the most moving narratives from the American Revolution is the first presidential administration and the many precedents set by George Washington While media historians have extensively analyzed screen portrayals of the more sensational events of America in the 1750s to the 1790s far less attention has been paid to portrayals of the first presidency and the character of George Washington in film television and other formats This book addresses that gap by providing the most comprehensive analysis of the character of George Washington on screen Divided into two parts the book begins with an analysis of how the Washington character has evolved through time and screen media from early silent films to modern multimedia products In Part II a filmography documents each piece of screen media that features a representation of Washington It includes silent films theatrical films cartoons television and screen media from the 21st century such as streaming video games and multimedia presentations Arranged alphabetically each entry includes format type production details crew and cast lists and a brief description of Washington s character in relation to the plot

**Women in Electrical Engineering** Kaitlyn J. Bunker, 2026-01-01 This book provides real world relevant examples of work completed by women electrical engineers who still make up only 15% of the field and the importance of that work to improving lives around the globe While the content is made up of scientific works the book also features chapters that describe the journeys taken by individual women in electrical engineering as they use their degrees and background in various ways to make an impact on the world around them The book includes significant diversity of perspectives including examples from a wide range of fields that are touched by electrical engineering As an important part of the Women in Science and Engineering book series the work highlights the contribution of women leaders in electrical engineering inspiring women and men girls and boys to enter and apply themselves to secure the future in the field
