**Alliteration for Kids** Sydney Dudikoff, 2015-12-03 My book teaches alliteration in an interactive and fun way When young people learn to alliterate and practice it for fun or for a purpose they learn to incorporate it into their writing Alliteration is a common tool for journalists authors advertisers and producers of movies This book contains pictures and teasers so that young people can correlate it to the world around them Since it is an instructional book it does not have a story line rather the story line is every line itself Additionally after every alliterative verse the reader has an opportunity to write his or her own alliterative verse with words or pictures I hope that every person who reads this book enjoys it and most importantly that the concepts taught here are put to good use Please visit my literacy website [www Lilpoets org](http://www.Lilpoets.org) **Growing**
