African Public Theology Sunday Bobai Agang, Dion A. Forster, H. Jurgens Hendriks, 2020-04-30 Africa needs leaders and Christians from every walk of life to rediscover their identity and purpose in all spheres of society African Public Theology sounds a clarion call to accomplish this vital task God created all humans equally intending for us to live in community and take responsibility for the world around us a mandate we need to act on Through faithful application of Scripture to contexts common in the continent today contributors from across Africa join as one to present a vision for the Africa that God intended No simplistic solutions are offered instead African Public Theology challenges every reader to think through the application of biblical principles in their own community place of work and sphere of influence If we heed the principles and lessons that God's word has for society culture and public life then countries across Africa can have hope of a future that is free from corruption and self promotion and is instead characterized by collective stewardship and servant hearted leadership

On the public role of the Bible in Zimbabwe Masiwa Ragies Gunda, 2015-03-26 Volume 18 of BiAS series is dedicated to critically unpack the meaning of the call to re write the Bible made by the first President of Zimbabwe Canaan S Banana in 1991 In this book the author engages with Banana's written works and makes critical observations regarding the call to re write the Bible This book argues that re writing was proposed as a means to an end by Banana It is demonstrated that what Banana intended was eradicating injustice violence and inequality in the Middle East which was fuelled by the ideology of chosenness which was sustained by a use of the Bible Once it became clear the end was not re writing the Bible this work moved on to consider alternative means to achieving the same end The search for alternatives leads the author to consider the way of Europe that is de biblification or a watered down biblification which is named partial de biblification in this work Finally the author proposes a critical biblification as a viable alternative to re writing or de biblification This book in honor of Banana calls for socially and contextually relevant
