### **Metrics, Standards and Alignment**

**in Teacher Policy** Jessica Holloway,2021-01-07 This book looks at the narrowing effects of contemporary modes of teacher and teaching policy and governance It draws on political theory to provide new ways of conceptualising the effects of teacher and teaching policies and practices It adds a new dimension to the robust body of literature related to teacher policy by looking at three interrelated domains 1 teacher preparation and development 2 teacher evaluation and 3 teacher leadership Drawing from case studies from the USA UK and Australia it illustrates how a coalescence around metrics standards and compliance is producing increasingly restricted notions of teachers and teaching It shows how the rationalities and techniques associated with accountability and standardisation are limiting the possibilities for multiple conceptualisations of teaching and teachers to exist or emerge Using pluralism as the main framework it challenges the dangers associated with rigid compliance and alignment and argues that pluralism can help secure schools as socially and culturally responsive to the needs of the community

**Testing Too Much?** Philip A. Streifer,Barry Sheckley,Richard Ayers,2017-05-17 There is too much testing in American Public Schools that is robbing teachers of valuable instructional time Some of it is mandatory but the vast majority is not and under the control of districts schools and even teachers to reduce Testing Too Much provides a rationale and set of three models to use in cutting back on testing to reclaim valuable instructional time It also includes a high school case study describing how the themes proposed in the book can be accomplished Instructional time is a complex subject that is discussed in detail and the underlying research why it is so important especially for disadvantaged children To address how best to cut back on non mandated testing there is a chapter written in plain terms on how to judge the value of a

test Three models are then discussed on how to approach cutting back on testing by as much as 25% that can recapture as much as ten days or more of instruction during a typical school year The goal of the book is to help school leaders and teachers find ways amongst current local testing practices to cut back improve their instruction and the educational experiences of their students
