

## The American Revolution

The American revolution transpired in 1775. In 1765 Great Britain was in great debt caused by the seven-year war. Since they needed money quickly they started taxing the American colonies with an operation called "The Stamp Act". This ended poorly despite trying a second time. Both times they had to take down the taxes. By then Britain ordered 1000 troops to Boston to take control. With that, the tax on tea hadn't been taken down. Rebel groups started to burn vessels and buildings of Great Britain and of the ones who supported them. At some point, they started to dump tea of ships.

After that, Great Britain sent 3000 more troops causing Boston and Massachusetts to now be under the direct rule of Great Britain. The colonies all gathered with their best thinkers for their first continental congress. It consisted of John Adams, John Jay, George Washington, Samuel Adams, Patrick Henry, John Dickinson. They decided to tell the local militias to start arming. The British General Thomas Gage ordered 700 troops to the countryside to destroy stores of arms and ammunition controlled by the rebels in Concord. They set out in the middle of the night. Patriots like Paul Revere rode ahead to alert the rebels and give them time to prepare. Lexington was the place where the rebels met the British force.

At some point, someone shot. That shot which was "The shot heard around the world" marked the beginning of The American Revolution. The battle of Concord ended with the British under siege of the American Militiamen back in Boston. Col Benedict Arnold went to take British stronghold fort Ticonderoga. He was planning to get men on the way but found The green mountain Boys Lead by Ethan Allen. They wanted to work together but they each wanted to be in charge. In the end, the Ethan Allen won and lead the attack. The attack was complete with no resistance. For this loss, King George fired General Gage and hired General William Howe. The congress decided to make a proper army they would first have to place a commander in chief. George Washington was picked and sent to Boston where the siege was still happening on.

Trying to break out of the siege the British forces were planning to take Bunker hill. Before they did the information was intercepted. An American spy has now told the militia. They took a defensive position on Breed's hill and Bunker Hill. On June 17, 1775, British forces attack Bunker and Breed's hill. British forces tried to
