101 Nights, Volume One S. E. Reign, 2014-04-10 Tie me Tease me Take me Love me As delicate as the first frost as intense as the desert sun over my kingdom our relationship is like a complicated tango Every time we try to dance closer to one another we find ourselves flung to opposite sides of the room torn a part by distrust and secrets That s better though isn t it The last thing I need is someone like her cramping a life I m comfortable with Why then does my world stop when Natalie threatens to walk out on me Why do I want her to stay More importantly why can t we trust each other long enough to figure out what the hell we re really doing here It s never been this hard before with anyone else We re on a collision course with something neither of us can control and I know when we hit the reality of what s between us someone s going to get hurt Because I can t lose my kingdom even for her and she s too good of a person to make me the king *The Pleasant Nights - Volume 1* Don Beecher, 2012-08-27 Renowned today for his contribution to the rise of the modern European fairy tale Giovan Francesco Straparola c 1480 c 1557 is particularly known for his dazzling anthology *The Pleasant Nights* Originally published in Venice in 1550 and 1553 this collection features seventy three folk stories fables jests and pseudo histories including nine tales we might now designate for mature readers and seventeen proto fairy tales Nearly all of these stories including classics such as Puss in Boots made their first ever appearance in this collection together the tales comprise one of the most varied and engaging Renaissance miscellanies ever produced Its appeal sustained it through twenty six editions in the first sixty years This full critical edition of *The Pleasant Nights* presents these stories in English for the first time in over a century The text takes its inspiration from the celebrated Waters translation which is entirely revised here to render it both more faithful to the original and more sparkishly idiomatic than ever before The stories are accompanied by a rich sampling of illustrations including originals from nineteenth century English and French versions of the text As a comprehensive critical and historical edition these volumes contain far more information on the stories than can be found in any existing studies literary histories or Italian editions of the work Donald Beecher provides a lengthy introduction discussing Straparola as an author the nature of fairy tales and their passage through oral culture and how this phenomenon provides a new reservoir of stories for literary adaptation Moreover the stories all feature extensive commentaries analysing not only their themes but also their fascinating provenances drawing on thousands of analogue tales going back to ancient Sanskrit Persian and Arabic stories Immensely entertaining and readable *The Pleasant Nights* will appeal to anyone interested in fairy tales ancient stories and folk creations Such readers will also enjoy Beecher s academically solid and erudite commentaries which unfold in a manner as light and amusing as the stories themselves *101 Nights (Volume One)* SE Reign, 2016-09-24 Includes serials one though three in the erotic romance 101 Nights Series The Cinderella story that captured the world A bad boy billionaire prince A woman from the projects of New York He needs a fianc to inherit the throne She needs a benefactor to save her community Their deal his money and influence in exchange for her body and her absolute submission to every one of his sexual whims
