What Can You Do with Your Bible Training? Brandon C. Benziger, Adam W. Day, 2023-06-23 Employment in the field of biblical studies has changed significantly in recent years and the coronavirus pandemic has only exacerbated the resulting challenges The purpose of this anthology is to inform and inspire evangelical students and graduates of biblical studies programs about the wide variety of training related vocational paths they can pursue both conventional and unconventional The book does this by listing and categorizing twenty five relevant pathways sharing the stories and insights of insiders within each pathway and calling for further creativity in putting one s biblical training to work Each contributor shares 1 how they settled into their represented occupation 2 the ways in which they have used their biblical training in that occupation 3 the joys and trials of their work and 4 advice for those who would like to follow in their footsteps The volume stands in the tradition of several nuts and bolts like resources within the guild e g Nijay Gupta s Prepare Succeed Advance and Ben Witherington s Is There a Doctor in the House and it seeks to develop that tradition considerably **How Old Are You?** Howard P. Chudacoff, 1992-02-16 Most Americans take it for granted that a thirteen year old in the fifth grade is behind schedule that teenagers who marry too early are in for trouble and that a seventy five year old will be pleased at being told You look young for your age Did an awareness of age always dominate American life Howard Chudacoff reveals that our intense age consciousness has developed only gradually since the late nineteenth century In so doing he explores a wide range of topics including demographic change the development of pediatrics and psychological testing and popular music from the early 1800s until now Throughout our lifetimes American society has been age conscious But this has not always been the case Until the mid nineteenth century Americans showed little concern with age The one room schoolhouse was filled with students of varied ages and children worked alongside adults This is a lively picture of the development of age consciousness in urban middle class culture Robert H Binstock The New York Times Book Review A fresh perspective on a century of social and cultural development Michael R Dahlin American Historical Review Annual Catalog of Claflin
