MARK SCHEME for the May/June 2006 question paper

0620 CHEMISTRY

0620/02

Paper 2, maximum raw mark 60

These mark schemes were published as soon as the Examiners and moderators had indicated the requirements of the examination. They show the basis on which Examiners were initially instructed to award marks. They do not indicate the details of the discussions that took place at an Examiners' meeting before marking began. Any substantial changes to the mark schemes that arose from these discussions will be recorded in the published Report on the Examination.

All Examiners are instructed that alternative correct answers and unexpected approaches in candidates' scripts must be given marks that fairly reflect the relevant knowledge and skills demonstrated.

Mark schemes must be read in conjunction with the question papers and the Report on the Examination.

The minimum marks in these components needed for various grades were previously published with these mark schemes, but are now instead included in the Report on the Examination for this session.

- ICSE will not enter into discussions on correspondence in connection with these mark schemes.

ICSE is publishing the mark schemes for the May/June 2006 question papers for most IGCSE and O'level Advanced, Lower and Ordinary syllabuses and some Ordinary Level syllabuses.
