Gulati, 2022-02-10 If you want to be inspired to build more sustainable organizations Deep Purpose should be your next read Arianna Huffington Founder CEO Thrive Global Insightful practical and timely Adam Grant 1 New York Times bestselling author of Think Again and host of the TED podcast WorkLife Deep Purpose points to the conversations we must have right now about how to redefine the role of business in society restore trust and enhance our license to operate Highly recommended Paul Polman former CEO Unilever Included in the Thinkers50 Best New Management Books for 2022 Distinguished Harvard Business School professor Ranjay Gulati takes readers inside some of the world's most purposeful companies to understand the secrets to their success Few business topics have aroused more skepticism in recent years than the notion of corporate purpose and for good reason Too many companies deploy purpose as a promotional vehicle to make themselves feel virtuous and to look good to the outside world Some have only foggy ideas about what purpose is and conflate it with strategy and other concepts like mission vision and values Even well intentioned leaders don't understand purpose's full potential and engage with it half heartedly and superficially Having conducted extensive field research and interviewed leadership at purpose oriented companies including Etsy Lego and Microsoft Ranjay Gulati reveals the fatal mistakes leaders unwittingly make when attempting to implement a reason for being Moreover he shows how companies can embed purpose much more deeply delivering impressive performance benefits that reward customers suppliers employees

shareholders and communities alike To get this right leaders must fundamentally change not only how they execute purpose but also how they conceive of and relate to it They must practice what Gulati calls deep purpose furthering each organisation's reason for being more intensely thoughtfully and comprehensively than ever before As he argues a deeper engagement with purpose can serve as a radically new operating system enhancing performance while also delivering meaningful benefits to society It's the kind of inspired thinking that businesses and the rest of us urgently need Purpose isn't a nice to have in the business world anymore It's a must have This comprehensive guide breaks down why cultivating purpose isn't just the right thing for businesses to do it's the smart thing too Carmine Di Sibio Global Chairman and CEO EY Many leaders today strive to align purpose with financial success but only a few succeed Gulati analyzes the tough challenges that leaders everywhere must address if they are to save the planet while also delivering strong profits Toshiaki Higashihara Executive Chairman CEO Hitachi Ltd Lemon-Aid New and Used Cars and Trucks 1990-2016 Phil Edmonston, 2015-11-21 This book steers buyers through the confusion and anxiety of new and used vehicle purchases unlike any other car and truck book on the market Dr Phil Canada's best known automotive expert for more than forty five years pulls no punches Chicago Tribune Index, 2007 **The Wall Street Journal**, 2009 **Consumers Index to Product Evaluations and Information Sources**, 2006 Road and Track, 2005 Car Safety Wars Michael R. Lemov, 2015-03-19 Car Safety Wars is a gripping history of the hundred year struggle to improve the safety of American automobiles and save lives on the highways Described as the equivalent of war by the Supreme Court the battle involved the automobile industry unsung and long forgotten safety heroes at least six US Presidents a reluctant Congress new auto technologies and most of all the mindset of the American public would they demand and be willing to pay for safer cars The Car Safety Wars were at first won by consumers and safety advocates The major victory was the enactment in 1966 of a ground breaking federal safety law The safety act was pushed through Congress over the bitter objections of car manufacturers by a major scandal involving General Motors its private detectives Ralph Nader and a gutty cigar chomping old politician The act is a success story for government safety regulation It has cut highway death and injury rates by over seventy percent in the years since its enactment saving more than two million lives and billions of taxpayer dollars But the car safety wars have never ended GM has recently been charged with covering up deadly defects resulting in multiple ignition switch shut offs Toyota has been fined for not reporting fatal unintended acceleration in many models Honda and other companies have for years sold cars incorporating defective air bags These current events suggesting a failure of safety regulation may serve to warn us that safety laws and agencies created with good intentions can be corrupted and strangled over time This book suggests ways to avoid this result but shows that safer cars and highways are a hard road to travel We are only part of the way home **The New York Times Almanac** John W.
