

## Classification and Control of Risks

### Classification

The first aspect that needs to consider when dealing with risks is how to classify them. In this section, the classification of risks is discussed in terms of their underlying nature and sources of uncertainty.

Classification of risks can be done in three ways:

• **By risk source**

• **By risk nature**

• **By risk impact**

**Risk source classification:**  
A risk source can be defined as the entity that is responsible for the risk. This classification also helps in determining the nature of the risk.

**Risk nature classification:**  
A risk nature can be defined as the type of risk that is being faced.
