## A Fairy Tale:

*What Is a Fairy Tale?* Robyn Hardyman, 1900-01-01 Fairy tales have existed in every culture around the world teaching children stories of characters in imaginary worlds who undergo hardship but learn to overcome their difficult circumstances. This compelling book covers the basic components that make up fairy tales as well as the purpose these fantastic tales serve in culture. Some of the most famous fairy tales are retold in varying versions unique to different cultures followed by activities that help readers identify what these tales share in common and what sets them apart. After learning the key elements of fairy tales readers are given a step by step guide to plan out their own magical characters setting and plot
