Jay Collins, 2023-10-17 Using unscrupulous methods a pair of Danish rogues gain control of an ill equipped and cash poor mining company It owns an abandoned underground mine on the barren south coast of Newfoundland that still hosts quality gold but cannot convince the market to financially support rejuvenation The pair intend to strip out as much of the high grade gold remaining and ship it off shore for processing as they did on a similar project in Greenland A powerful Russian oligarch with murky motives

arranges a multi million dollar loan based on lies for the Danes to re activate the mine and build a processing plant they don't actually intend to build Instead the Russian and the Danes keep the loans for themselves as well as the revenue from the sale of the gold It's another billion dollar heist Just like their previous venture on the southern tip of Greenland they intend to mine as fast as possible leaving Newfoundland with nothing but a toxic mess Led by saboteur Matthew Black ORB the Organization for Restructuring Business has to stop the Russian and the Danes control their cash flow divert money back to the original lenders and put all three out of business Their tactics include sabotaging the mine their barges and their mega yachts As ORB goes to great lengths to sabotage the thieves the gold hangs in the balance Will ORB succeed in stopping the rogues Will the financier be left in the lurch again Or will ORB be able to put a stop to their nefarious plans once and for all
