Vincent Motorcycles Philippe Guyony,2021-10-28 Very few motorcycles have carved a mark in history like the Vincent
V twin from its arrival in 1946 and up to the present day On the road in club racing in drag races or competing for land speed
records it dominated the motorcycle world leading to the famous catchphrase coined by the factory The World s Fastest
Standard Motorcycle It was a FACT NOT a slogan Images such as that of Rollie Free in swimming trunks laying flat on his
works modified Black Shadow and taking the American motorcycle land speed record at Bonneville in 1948 have now passed
into posterity In fact the big Vincent was so ahead of its time that it continued to compete successfully almost arrogantly in
racing until the mid 1970s against modern bikes No other motorcycle in the world can claim this kind of achievement
Following the premature ending of Vincent production Fritz Egli s 1967 Egli Vincent was the first chassis completely
redesigned for a Vincent in 21 years Egli s machine inspired numerous builders for several generations and this book traces
holistically the story of all those motorcycles in the broad context of the classic and modern history of the Vincent
Understand how the flame of passion still burns brightly today **Subject Guide to Books in Print** ,2001 Amédée
Gordini Roy P. Smith,2022 This is the story of a man a team and their life and times as well as a complete record of all their
achievements and failures It logs the financial and personal cost of racing in the prewar and postwar periods It tells of how
the mighty car company Renault became involved with them in the late 1950s and how Amedee Gordini became known
throughout the world as one of the greatest engine tuners of his time
