

# COMPARE AND CONTRAST

Read the passage carefully. Identify if the given statements compares (CE) or contrasts (CT) the two characters.

Jen had a best friend whose name was also Jenn but with a double "n." They had beautiful brown eyes and blonde hair. But Jenn had long, wavy hair, while Jen had short, straight hair. They went to the same school and studied in the same class. They enjoyed playing sports together. They both excelled in their artistic talents, with a knack for drawing. One of them had a cat as a pet, while the other had a dog. They had different favorite colors, adding a unique touch to their friendship. They were responsible and often helped each other with homework. Coincidentally, their birthdays were in the same month. They loved their pets very much. Jenn took her cat wherever she went, while Jen's dog was her constant companion. However, tragedy struck when Jen forgot to close her dog's cage one day, and that was the last day she saw her pet. On the other hand, Jenn's cat brought joy to her life, and they played together every night.

Wade Boykin,Pedro Noguera,2011-09-08 Unless we believe that those who have more are inherently superior to those who have less we should be troubled by the fact that patterns of achievement are often fairly predictable particularly with respect to students race and class In Creating the Opportunity to Learn Wade Boykin and Pedro Noguera help navigate the turbid waters of evidence based methodologies and chart a course toward closing and eliminating the academic achievement gap Turning a critical eye to current and recent research the authors present a comprehensive view of the achievement gap and advocate for strategies that contribute to the success of all children Boykin and Noguera maintain that it is possible to close the achievement gap by abandoning failed strategies learning from successful schools and simply doing more of what the research shows is most effective Success is founded on equity but equity involves more than simply ensuring students have equal access to education equity also entails a focus on outcomes and results If we want to bring about significant improvements in those outcomes we have to do more to address the context in which learning takes place In short we must create schools where a child s race or class is no longer a predictor for how well he or she might perform
