### **Recuperating The Global Migration of Nurses**

Cleovi C. Mosuela,2020-05-14 Sitting at the nexus of labor migration and health care work this book examines the  
dynamic relationship between nurses cross border movement and efforts to regulate their migration Grounded in multi sited  
qualitative research this volume analyzes the changing social dimensions and transnational scale of global nursing focusing  
particularly on the recruitment from the Philippines to Germany The flow of nursing skills from resource poor countries to  
well off ones is not only producing a global care crisis but also serves as a prime example of the international race for talent  
and skill As it takes a critical eye to the emerging field of migration governance or management as the preferred policy  
response to competing discourses of global care crises and the global competition for skilled care work this book highlights  
not only the shifting web of actors discourses and practices in care work migration management but also and more  
importantly how various forms of care figure in the global migration of nurses **Wong's Nursing Care of Infants and**
