**Camille** Alexandre Dumas,2013-07-01 In my opinion it is impossible to create characters until one has spent a long time in studying men as it is impossible to speak a language until it has been seriously acquired Not being old enough to invent I content myself with narrating and I beg the reader to assure himself of the truth of a story in which all the characters with the exception of the heroine are still alive Eye witnesses of the greater part of the facts which I have collected are to be found in Paris and I might call upon them to confirm me if my testimony is not enough And thanks to a particular circumstance I alone can write these things for I alone am able to give the final details without which it would have been impossible to make the story at once interesting and complete This is how these details came to my knowledge On the 12th of March 1847 I saw in the Rue Lafitte a great yellow placard announcing a sale of furniture and curiosities The sale was to take place on account of the death of the owner The owner s name was not mentioned but the sale was to be held at 9 Rue d Antin on the 16th from 12 to 5 The placard further announced that the rooms and furniture could be seen on the 13th and 14th
