

## **GEOGRAPHY PAPER 1 REVISION QUESTIONS AND ANSWERS**

### **1. Outline the theories (evidences) that prove the shape of the earth as being spherical and not flat:**

If the earth were flat the sun would rise and set at the same time for people in all countries. As we know, the times of sunrise and sunset vary in different parts of the world. This is due to the shape of the earth.

The sun, the moon, the stars and other heavenly bodies always appear to be circular in outline. We can therefore conclude that they are spherical in shape. The earth should not be the only exception.

The shadow of the earth always has a circular edge. This can be noticed by observation of the earth's shadow on the moon during eclipse.

Viewed from the deck of a ship at the sea, the horizon appears to be circular.

An observer on a cliff watching the approach of a ship sees first the smoke, then the funnel and lastly the hull. If the earth were flat the whole of the ship would be seen all at once.

We know that we can travel round the world in various directions, and come back to the starting point. This is known as the circumnavigation of the earth.

Photographs radioed back by artificial earth satellites show the circular outline of the earth.

### **2. (a) Explain the two movements of the earth:**

The earth moves in two ways. Firstly it rotates on its axis, making a complete rotation in twenty-four hours.

Secondly it revolves around the sun, making one complete revolution in approximately 365  $\frac{1}{4}$  days. Its path of revolution is known as its orbit.

#### **(b) (i) State the effects of the rotation of the earth:**

It causes day and night.

It causes the deflection of wind and ocean currents.

It causes the daily rising and falling of the tides.

It causes a difference in time i.e. one hour between two meridians (longitudes) 15° apart.

It causes variation in atmospheric pressure on the earth's surface.

#### **(ii) State the effects of the earth's revolution:**

Is responsible for the change of the seasons (the four seasons).

It causes the varying lengths of day and night at different times of the year.

It changes the altitudes of the midday sun at different times of the year.

It fixes the tropics and the Arctic and Antarctic circles i.e. the varying positions of the earth in relation to the sun.

### **3(a) Draw a well-labelled diagram showing the main parts (zones) of the internal structure of the earth:**

A - SIAL

B - SIMA

C - MOHO DISCONTINUITY

D - UPPER MANTLE

E - LOWER MANTLE

### **Geography Paper Answers Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Geography Paper Answers has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Geography Paper Answers has opened up a world of possibilities. Downloading Geography Paper Answers provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Geography Paper Answers has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Geography Paper Answers. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Geography Paper Answers. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Geography Paper Answers, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Geography Paper Answers has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers,

free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
