4Th Michael Ebifegha, 2017-12-20 4th Refuting the Myth of Evolutionism and Exposing the Folly of Clergy Letters The Darwinian theory of evolution begins with facts science of microevolution and ends with fiction myths of macroevolution The myths are part of our experience no transitional organisms in the living world and part of our discoveries no transitional fossils in such deposits at the Burgess Shale and Chengjiang sites where various kinds of organisms appear together in large collection In his fourth book Refuting the Myth of Evolutionism and Exposing the Folly of Clergy Letters author Michael Ebifegha stresses that real science is timeless and based on events that are directly or indirectly observable testable and repeatable Challenging evolutionists and their clerical allies who are banning the teaching of creationism in public schools Ebifegha insists that evolutionism is also outside sciences purview and therefore should be banned as well He reprimands clerics for capitalizing on human knowledge but failing to recognize the validity of Gods personal claim in speech before an audience and in print on stone tablets for having created the world These interventions he asserts fulfill the worlds standard legal requirement for inventors Ebifegha argues that the inconsistency of imposing evolutionism as scientific truth on the public and banning creationism violates 1 the academic rights of accomplished scientists who disagree with evolutionism on scientific grounds 2 the US Supreme Courts 1992 declaration At the heart of liberty is the right to define ones own concept of existence of meaning of the universe and of the mystery of human life and 3 Gods historical claim to ownership of the universe Instead of separation of church and state Ebifegha recommends separation of worldviews and state

Its message of biblical authority is even more relevant today This anniversary edition is an even more powerful eye opening book for the church Ken Ham once again takes the lead in pointing out the looming precipice that thousands of church leaders are rushing toward a denial of the full authority and accuracy of the Bible from its very first verse Originally published in 1987 The Lie took a bold stand which became prophetic Ken warned the church about the destructive effects of compromise with evolutionary millions of years ideas He warned that compromise in Genesis would undermine Scriptural authority in the culture and erode confidence in the infallibility of God s Word Today Christians increasingly doubt the Bible s reliability So then do those who are considering placing their faith in Jesus the Creator The issues are of critical importance when you realize that today we have Christians not only confused when it comes to Genesis and the age of the earth but now even the reality of hell Adam as a real person and Christ s own words about creation marriage and more One compromise just leads to another and it has to end if we want to leave a legacy of faith to future generations *Scientific American* ,1875 **Did Adam Have a Bellybutton?** Ken Ham,2000-02-01 These concise relevant topics answer questions on the

minds of Christians and seekers everywhere Ham has discovered that multitudes of people want to know the answers to key questions like Where did Cain get his wife and How could Noah fit all of those animals on the ark The Bible does have answers to tough questions such as these so there s no reason Christians can t defend their faith against attack On each page of the book Ham takes a popular question and gives an answer that is both plausible and faith strengthening With a reputation as one of the world s foremost authorities on the debate between creation and evolution Ham provides many new insights in his latest work SAMPLE QUESTIONS Couldn t there have been a race of people before Adam and Eve If Adam lived 6 000 years ago why do some say the earth is billions of years old What if God used evolution to create What is the Gap Theory Is Evolution Compatible with Christianity? Christopher Gieschen,2019-09-30 All of these statements are false Christians are science deniers when it comes to evolution Real science actually lines up more with evolution than creation as found in Genesis Fossils are evidence for evolution The Genesis account is fully compatible with evolution These questions need answers What exactly is the difference between evolution right and evolution wrong Is it possible to bend Genesis to fit evolution How can one defend belief in a six day creation from the onslaughts of the evolutionists How about any questions you have This book is a must for any Christian about to enter a public high school or university Accepting evolution as true is the basis for three of the ten reasons Christians give up saving faith It is time for you to arm yourself with the truth and stand your ground logically philosophically scientifically and most important biblically Ready Let s go **The Morning Star Journal, Vol. 7** Rick Joyner,1996-12 **Scene, Channel 2 and 17** ,1981
