The reason is Thucydides's Trap: a deadly pattern of structural stress that results when a rising power challenges a ruling one. This phenomenon is as old as history itself. About the Peloponnesian War that devastated ancient Greece, the historian Thucydides explained: It was the rise of Athens and the fear that this instilled in Sparta that made war inevitable. Over the past 500 years, these conditions have

occurred sixteen times War broke out in twelve of them Today as an unstoppable China approaches an immovable America and both Xi Jinping and Donald Trump promise to make their countries great again the seventeenth case looks grim Unless China is willing to scale back its ambitions or Washington can accept becoming number two in the Pacific a trade conflict cyberattack or accident at sea could soon escalate into all out war In *Destined for War* the eminent Harvard scholar Graham Allison explains why Thucydides s Trap is the best lens for understanding U S China relations in the twenty first century Through uncanny historical parallels and war scenarios he shows how close we are to the unthinkable Yet stressing that war is not inevitable Allison also reveals how clashing powers have kept the peace in the past and what painful steps the United States and China must take to avoid disaster today **The Furniture Gazette** ,1888
