# 2015 2016 Jab Cut Off

**Ariane Sherine,David Conrad**

## 2015 2016 Jab Cut Off:

**Advancing Africa's Sustainable Development** Alain L. Fymat, 2018-11-14 While many African countries lag behind the rest of the industrialised world in scientific and medical research and development the situation is progressively improving. This is why the Society for the Advancement of Science in Africa was established to contribute to economic advancement and sustainability through science research education and innovation. This book provides a selection of papers from the Advancement of Science in Africa's fourth annual conference. The conference was held under the overarching theme of science technology and innovation in Africa with several important sub themes including but not limited to improving health research and disease surveillance education collaborating in research responding to epidemic diseases with high mortality in Africa and promoting women's interest in science careers. The collection illustrates how although the chapter contributors come from various countries and universities representing their own academic research they all share a common interest in advancing science technology and innovation in Africa.

### **Explorations in Critical Criminology in Honor of William J.**

**Chambliss**, 2019-08-26 This volume is in honor of William J. Chambliss who has influenced and provided a foundation for new directions and approaches in sociology criminology critical criminology in particular and the sociology of law. This is to name a few of the many inspirational and foundational ways he has changed the course and methods for generations to come inspiring not only the editors and contributors of this volume. Each of the chapters detail various ways Bill's work has impacted on our own perspectives and or research including but not limited to the way we understand the value of non traditional methods law and power the very definition of crime organized crime and unmasking the power structures and powerful that cause inequality social ills and pains. Contributors are Elizabeth A Bradshaw, Meredith Brown, William J. Chambliss, Francis T Cullen, Jeff Ferrell, David O Friedrichs, Mark S Hamm, Ronald C Kramer, Teresa C Kulig, Raymond Michalowski, Christopher J Moloney, Ida Nafstad, Sarah Pedigo, Gary Potter, Isabel Schoultz.

**Media Analysis and Public Health** Lesley Henderson, Shona Hilton, Judith Green, 2020-06-29 This volume showcases new approaches to studying public health in traditional and emerging media suggesting that we need more analyses that focus on the production of media and on power dynamics as well as studies of audience reception of media messages. The collection asks a variety of questions about the role of media in analysing public health. Contributors ask who is influential in producing the stories we see in the press and on social media. Who benefits and who is damaged by media debates on health topics. They investigate the role of big business in seeking to shape public opinion and consumption in print and online media how issues such as hand washing come to be framed over time by newspapers how conflicts over immunisations get covered how health promotion messages do their work and the positive role of online media in helping foster drug safety. Together they reach the conclusion that since mass media is a crucial element of civic society more in depth understanding of how it works and what impacts it has on public health is essential. Given the crucial role of the media in shaping health debates pushing certain issues up the policy

agenda defining problems for audiences and presenting potential solutions this book s analysis will be of interest to all those studying how the media shape policy as well as public health researchers with an interest in mass communication This book was originally published as a special issue of Critical Public Health     **FCC Record** United States. **The World Almanac of Islamism 2021** Ilan Berman,2021-11-15 Now in its fifth edition The World Almanac of Islamism is the first comprehensive reference work to detail the current activities of radical Islamist movements worldwide The contributions written by subject expert provide up to date assessments on the contemporary Islamist threat in all countries and regions where it exists

**American Oligarchy** Ron Formisano,2017-09-27 A permanent political class has emerged on a scale unprecedented in our nation s history Its self dealing nepotism and corruption contribute to rising inequality Its reach extends from the governing elite throughout nongovernmental institutions Aside from constituting an oligarchy of prestige and power it enables the creation of an aristocracy of massive inherited wealth that is accumulating immense political power In a muckraking tour de force reminiscent of Lincoln Steffens Upton Sinclair and C Wright Mills American Oligarchy demonstrates the way the corrupt culture of the permanent political class extends down to the state and local level Ron Formisano breaks down the ways this class creates economic inequality and how its own endemic corruption infects our entire society Formisano delves into the work of not just politicians but lobbyists consultants appointed bureaucrats pollsters celebrity journalists behind the scenes billionaires and others Their shameless pursuit of wealth and self aggrandizement often at taxpayer expense rewards channeling the flow of income and wealth to elites That inequality in turn has choked off social mobility and made a joke of meritocracy As Formisano shows these forces respond to the oligarchy s power and compete to bask in the presence of the 01 percent They also exacerbate the dangerous instability of an American democracy divided between extreme wealth and extreme poverty
